No. 170.—The following General Order of the Military Department regarding the arrangements for the performance of the work hitherto devolving on the Barrack Department, is published for information and guidance in the Public Works Department.

2. Pending the publication of the Public Works Divisions to be organized under the Inspector General of Military Works, the Barrack Masters and Barrack Sergeants will report themselves to the Executive Engineers at present in charge of their respective stations.

Fort William, the 21st March 1872.

No. 303 of 1872.—The Right Hon'ble the Governor General in Council is pleased to notify that the following arrangements for the performance of the work hitherto devolving on the Barrack Department will have effect from the 1st April 1872 :—

(1).—European and Native Regiments will henceforth obtain accommodation or stores on requisition signed by Officers Commanding, from the Ordnance, Public Works, and Commissariat Departments directly, without the intervention of a distinct Barrack Department, which is abolished; and Barrack Masters, and the Establishment, will from the 1st April be under the control of the Executive Engineer to whom they are to report themselves for orders.

(2).—The duties of the late Barrack Department will be distributed as follows :—

TO THE ORDNANCE DEPARTMENT.

The supply of all Ordnance Stores as shown in subjoined Table No. 157

TO THE PUBLIC WORKS DEPARTMENT.

(a).—The custody and repair of all barrack and hospital buildings.

(b).—The allotment of quarters according to regulation.

(c).—The supply and repair of all barrack and hospital furniture and fixtures, as specified in Tables (Nos. 147 and 148 *Public Works*) subjoined.

TO THE COMMISSARIAT DEPARTMENT.

The supply of all petty and miscellaneous stores as detailed in Tables (Nos. 147 and 148 *Commissariat*) subjoined.

TO REGIMENTS.

The supply, management, and payment of all Regimental Establishments, *viz.*, punkah-pullers, bheesties, sweepers, &c., &c. The assistance of the Commissariat Department will be given when necessary.

ISSUE OF SUPPLIES.

(3).—Ordnance Stores will be issued under the regulations now in force in that Department.

(4).—Local Executive Heads of the Public Works and Commissariat Departments are authorised to comply with requisitions signed by Commanding Officers for quarters, accommodation, barrack and hospital furniture, and fixtures and stores within the limits assigned by regulations, *vide* Tables Nos. 147, 148 and 157.

(5).—If a requisition for articles not authorised, or in excess of regulation, be received by a Local Executive Officer, he will inform the officer demanding that there is no authority for the supply, and state, on the requisition, the approximate cost of compliance. If the articles are still desired, the requisition will be submitted by the Officer Commanding the Station for the sanction of Government through the prescribed channels; but in cases of great emergency, he will use the discretionary powers vested in him as Commanding Officer, and direct the requisition to be complied with, submitting the Station Order for the confirmation of Government.

CUSTODY OF, AND DAMAGES TO, BARRACKS AND FURNITURE.

(6).—Executive Engineers will nominate in each occupied Station one Subordinate to the charge of the share of barrack duties belonging to the Public Works Department, as defined in Clause 2, either distinctively or in addition to other occupations.

(7).—It will be the duty of the Subordinate so appointed to inspect monthly, as well as on the occasion of a Regiment leaving a Station, all buildings and barrack and hospital furniture in conjunction with the Quarter Master of the Regiment in occupation, or in hospitals, with the Medical Officer in charge; and he will then assess all damages done by the troops to buildings or furniture in their charge.

(8).—All damages so assessed will, when signed by the Local Executive Engineer, be forthwith paid, or accepted for payment, by Commanding Officers; but Officers Commanding may, after paying a damage assessment, appeal through the Officer Commanding the Station to the Superintending Engineer of the Circle, who will endeavour to settle the matter; but should he fail to do so, that Officer will himself lay the case, with a recommendation, before the General Commanding the Division or District, whose decision, if he concurs with the recommendation made, is final.

Should the General not concur with the recommendation, the question will be submitted by him through the Quarter Master General for submission to His Excellency the Commander-in-Chief and for the orders of Government.

(9).—New furniture is to be made in accordance with approved standard patterns. On receipt of each requisition for furniture the supplying department will note thereon the estimated cost of each article and return it to the indenting Officer, so that he may understand and accept the responsibility for the cost of the requisition, which will then be complied with, if in all respects conformable to the regulations. Executive Engineers are responsible for the quality of all furniture supplied, either new or when repaired, and it will not be necessary to assemble a Committee, except when disputes regarding quality or description arise on the occasion of an issue to a Regiment. Should any such dispute occur, a Station Committee will be convened by the Officer Commanding to report on the matter, and their proceedings will be forwarded by the President, through the Officer Commanding, to the Superintending Engineer of the Circle, who will lay the question before the General Commanding for decision, in the same manner and under the same limitations as prescribed for barrack damages.

(10).—A Regiment or Detachment will, before leaving a Station, make over all buildings and barrack and hospital furniture in its charge to the Subordinate of the Public Works Department appointed by the Executive Engineer to the charge of barrack duties, who will give to the Regiment the usual vouchers for the same. The vouchers should specify any loss or damage that may have occurred, in order to recovery under Clause 8 of these rules.

CARE OF STORES RECEIVED FROM THE ORDNANCE DEPARTMENT.

(11).—Executive Engineers are responsible for seeing that requisitions by Commanding Officers for renewals of furniture are supported by the opinion of a Station Committee condemning the articles required to be replaced.

(12).—All Ordnance Stores enumerated in Table No. 157 will be shown, as at present, in the half-yearly returns transmitted to the Examiner, Ordnance Accounts.

(13).—When a Regiment or Detachment is relieved by another, the relieved Corps will make over all articles belonging to the Ordnance Department to the relieving Corps, taking receipts (which shall show the condition of each kind of article) in duplicate; one of these receipts will be retained by the relieved Corps, and the other sent at once by the Officer Commanding to the Examiner, Ordnance Accounts.

(14).—If any dispute arise between the relieved and relieving Corps regarding the articles so handed over, a Station Committee will be assembled to report; and their proceedings will be forwarded by the President, through the Officer Commanding the Station, to the Inspector General of Ordnance, who will deal with the matter according to the rules of the Ordnance Department in such cases.

(15).—In the event of a Regiment leaving a Station before being relieved, the Ordnance Stores shown in Table No. 157, after survey by a Station Committee, will be collected in convenient stores or rooms which can be properly secured. The proceedings of the Committee, together with the keys of the storerooms, will be made over to the Subordinate of the Public Works Department named the Executive Engineer, with an inventory of the articles left, which will be verified by an Officer of the out-going Regiment in the presence of the representative of the Public Works Department. The proceedings of the Committee and the articles will be handed over to the in-coming Regiment on arrival, and should any dispute arise, the course laid down in Clause 14 will be followed.

CARE OF SUPPLIES RECEIVED BY REGIMENTS FROM THE COMMISSARIAT DEPARTMENT.

(16).—All articles received from the Commissariat Department by Batteries, Corps and Detachments will be shown in half-yearly returns by Officers Commanding, the date of receipt and present condition of each description of article being given. These returns will be forwarded on 1st January and 1st July in each year to the Local Executive Head of the Commissariat Department, for examination, and for transmission to the Examiner of Commissariat Accounts.

(17).—If a Battery, Regiment or Detachment be replaced by another, the relieved Corps will make over all articles belonging to the Commissariat Department, not required by regulation to accompany it, to the relieving Regiment, taking receipts (which shall show the condition of each kind of articles) in duplicate; one of these receipts will be retained by the relieved Corps, and the other sent at once by the Officer Commanding to the Local Executive Head of the Commissariat Department.

(18).—If any dispute arise between the relieved and relieving Corps regarding the quality or condition of articles so handed over, a Station Committee will be assembled to report, and their proceedings will be forwarded by the President, through the Officer Commanding the Station, to the Deputy Commissary General of the Circle, who will act as prescribed for a Superintending Engineer in like cases, *vide* Clause 8 of this order.

(19).—If a Regiment leave a Station without being relieved, all Commissariat Stores after survey by a Station Committee will be made over by the Regiment to the representative of the Commissariat Department at the Station, receipts in duplicate being obtained and transmitted as ordered above.

RESPONSIBILITY OF REGIMENTS.

(20).—Regiments are responsible for all buildings, hospital and barrack furniture and stores in their charge until relieved by the receipt of the Local Officers of the Departments concerned.

MANAGEMENT AND CARE OF REGIMENTAL GARDENS AND AMUSEMENTS.

(21).—All questions regarding Canteens, Theatres, Gardens, Amusements, will be controlled regimentally under existing regulations, references on the subject being made to Army Head Quarters in the Department to which they appertain.

(22).—All stores, implements, and furniture received from either the Ordnance, Public Works, or Commissariat Department for such purposes, will, on the occasion of a Regiment leaving a Station, be dealt with according to the rules respectively laid down for their management in this order.

(23).—In the case of a Regiment leaving a Station before being relieved, all regimental property requiring to be transferred to a relieving Corps will be collected by the regimental authorities in convenient rooms or buildings which can be properly secured. The keys will then be made over to the appointed Subordinate of the Public Works Department, with an inventory which will be verified by an Officer of the out-going Regiment in the presence of the representative of the Public Works Department, who will on the arrival of the in-coming Regiment hand over in like manner the property to it.

ARTICLES FOR GENERAL STATION PURPOSES.

(24).—Articles for general Station purposes are to be obtained and taken care of by the Public Works Department.

INSPECTIONS BY OFFICERS OF THE QUARTER MASTER GENERAL'S DEPARTMENT.

(25).—Officers of the Quarter Master General's Department will make their inspections as at present, or under such further regulations as His Excellency the Commander-in-Chief may establish.

(26).—The provisions of this General Order apply, for the present, to the Bengal Presidency only.

N. B.—The tables referred to in the above will be found with the General Order published by the Military Department.

**DEPARTMENT OF AGRICULTURE, REVENUE, AND
COMMERCE.****NOTIFICATIONS.****FIBRES AND SILK.**

Port William, the 26th January 1871.

No. 478.—The Governor General in Council is pleased to direct the publication of the following advertisement in substitution of the one published under Notification No. 145, dated the 11th January 1870 :—

ADVERTISEMENT.

- 1.—The Government of India, after communication with various Agricultural and Horticultural Societies in India, and with persons interested in the subject, has arrived at the conclusion that the only real obstacle to the development of an extensive trade in the fibre of Rhea or China-grass is the want of suitable machinery for separating the fibre and bark from the stem, and the fibre from the bark, the cost of effecting such separation by manual labor being great.
- 2.—The demand for the fibre is now large, and, no doubt, might be extended with reduced prices, and there is a practically unlimited extent of country in India where the plant could be grown.
- 3.—The requirements of the case appear to be some machinery or process capable of producing, with the aid of animal, water, or steam-power, a ton of fibre of a quality which shall average in value not less than £50 per ton in the English market, at a total cost—all processes of manufacture and allowance for wear and tear included—of not more than £15 per ton. The said processes are to be understood to include all the operations performed, after the cutting and transport of the plant to the place of manufacture to the completion of the manufacture of fibre of the quality above described. The machinery must be simple, strong, durable, and cheap, and should be suited for erection at or near the plantations, as the refuse is very useful as manure for continued cultivation.
- 4.—To stimulate the invention or adaptation of such machinery or process, the Government of India hereby offers a prize of £5,000 for the machine and process that best fulfils all the requirements named above.
- 5.—Rewards of moderate amount will be given for really meritorious inventions even though failing to meet entirely all the conditions named.
- 6.—Owing to the delay that has taken place in maturing the preliminary arrangements, the Government of India has decided that the competition will not be held until the 1st April 1872, thus affording a much longer time than was originally intended for the preparation of machines and their transport to the locality appointed for the competition. The Government Rhea Plantation at Saharunpore, in the North-Western Provinces, has been fixed as the place where the public competition will be held, and the Government of India will provide one or more small steam-engines to work the machines during the public competition.
- 7.—All machinery, &c., intended for trial must be brought by the competitors at their own charge to the Saharunpore Rhea Plantation, and kept ready before the 1st April 1872, to be there worked under their own supervision, or under that of their representatives, for a sufficient length of time to enable the judges appointed by Government to determine whether all the conditions named have been complied with. The prize machine is to be transferred, if required, to Government at 5 per cent. above cost price; the patent right in any such machine to be also transferred, if required, to Government, on the latter securing to the patentee a royalty of 5 per cent. on the cost price of all machines manufactured under the patent during its currency.
- 8.—Arrangements have now been completed for the supply of dried Rhea stems to intending competitors, both in this country and in Europe, to enable them to form a correct idea of the nature of the plant which their machinery will be required to deal with. Persons in Europe desirous to obtain small supplies of dried Rhea stems for the above purpose, should apply to the Secretary of State for India. Intending competitors in this country, desirous of obtaining supplies of the article, must submit applications to the Secretary to the Government of India, in the Department of Agriculture, Revenue, and Commerce, in the Form A hereto annexed, prior to the 1st of March 1871; and

those who are desirous of testing their machinery on the fresh Rhea at the Government Rhea Plantation at Saharunpore during the year 1871, must submit their applications to the same authority, in the Form B hereto annexed, prior to the 1st April 1871. The former will have to pay the expenses that may be incurred in packing and despatching the stems. The latter will have to provide all labor and motive power necessary for, and to pay all expenses connected with, their experiments: the fibre turned out by their machines during such experiments to become the property of Government.

- 9.—In order to enable the Government to arrange for the provision of a sufficient stock of fresh Rhea stems for the purposes of the formal competition in April 1872, it is necessary to ascertain beforehand the number of machines that are likely to take part in it; and intending competitors are therefore requested to submit, prior to the 1st May 1871, and in the Form C also hereto annexed, notices of intention to compete.

Form A.

APPLICATION FOR DRIED STEMS OF THE RHEA.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Quantity of dried stems applied for.	Locality to which it is desired that the stems be transmitted.	Name of nearest Railway Station to locality entered in preceding column.

On hearing from the Superintendent of the Government Rhea Plantation, Saharunpore, the amount of the expenses to be incurred in packing and despatching the quantity of stems above applied for, or such lesser quantity as may be allotted to me, as also the cost of carriage of such quantity to *(here insert the locality to which it is desired that the stems be forwarded)*, or to the nearest Railway Station, I promise to remit the total amount so required to the said officer, and I acknowledge that the packing and transmission of such stems will be entirely at my risk.

APPLICATION FOR PERMISSION TO MAKE PRELIMINARY EXPERIMENTS FOR TESTING MACHINERY AT THE GOVERNMENT RHEA PLANTATION, SAHARUNPORE.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Brief description of machinery proposed to be tested.	Date on which applicant, if permitted, proposes to commence testing his machinery.	Approximate amount of green stem which applicant expects will be necessary for testing the machinery.

I acknowledge that, if permission be granted to me to test the above-described machinery at the Government Plantation, such permission will be subject to the following conditions:—

- 1st.—I am to provide all labor and motive power necessary for, and to pay all expenses connected with, testing my machinery.

- 2nd.—I am bound to conform to such rules in regard to time and place of conducting my experiments, hours of working, and the like, as the Superintendent of the Plantation may lay down for my guidance.
- 3rd.—I shall receive only such quantities of green stem, and at such time or times as, with reference to the other claims upon him, the Superintendent may find convenient to allot me.
- 4th.—All fibre, &c., turned out by my machines during these experiments, with stems furnished by Government, will be the property of Government.

MILITARY.

INDIA OFFICE ;

No. 50.

London, 29th February 1872.

To His Excellency the Right Hon'ble the Governor General of India in Council.

MY LORD,

1. With a view to meeting the cases and facilitating the retirement of the senior officers of the Army subject to the Indian Retiring Regulations, Her Majesty's Government have resolved so to modify the present Regulations, as expressed in Clause 30 of the Furlough Rules of 1854, as to admit of a larger amount of furlough being reckoned as service by claimants to the higher rates of pension granted in 1866.

2. With this view, I request that it may be notified to the service that, from and after the date of this despatch, the following regulation will be substituted for Clause 30 of the rules above referred to, and will govern the rates of pension to be granted to officers retiring under the Indian Regulations :—

“No furlough or leave of absence, as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in twenty-five years' service, four years in thirty years' service, five years in thirty-five years' service, and six years in thirty-eight years' service shall be allowed to count as service for the retiring pension ; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.”

I have, &c.,

(Signed) ARGYLL.

No. 338 of 1872.—The following order issued by the Resident at Hyderabad is confirmed :—

FIBRES AND SILK.

Port William, the 26th January 1871.

No. 478.—The Governor General in Council is pleased to direct the publication of the following advertisement in substitution of the one published under Notification No. 145, dated the 11th January 1870 :—

ADVERTISEMENT.

- 1.—The Government of India, after communication with various Agricultural and Horticultural Societies in India, and with persons interested in the subject, has arrived at the conclusion that the only real obstacle to the development of an extensive trade in the fibre of Rhea or China-grass is the want of suitable machinery for separating the fibre and bark from the stem, and the fibre from the bark, the cost of effecting such separation by manual labor being great.
- 2.—The demand for the fibre is now large, and, no doubt, might be extended with reduced prices, and there is a practically unlimited extent of country in India where the plant could be grown.
- 3.—The requirements of the case appear to be some machinery or process capable of producing, with the aid of animal, water, or steam-power, a ton of fibre of a quality which shall average in value not less than £50 per ton in the English market, at a total cost—all processes of manufacture and allowance for wear and tear included—of not more than £15 per ton. The said processes are to be understood to include all the operations performed, after the cutting and transport of the plant to the place of manufacture to the completion of the manufacture of fibre of the quality above described. The machinery must be simple, strong, durable, and cheap, and should be suited for erection at or near the plantations, as the refuse is very useful as manure for continued cultivation.
- 4.—To stimulate the invention or adaptation of such machinery or process, the Government of India hereby offers a prize of £5,000 for the machine and process that best fulfils all the requirements named above.
- 5.—Rewards of moderate amount will be given for really meritorious inventions even though failing to meet entirely all the conditions named.
- 6.—Owing to the delay that has taken place in maturing the preliminary arrangements, the Government of India has decided that the competition will not be held until the 1st April 1872, thus affording a much longer time than was originally intended for the preparation of machines and their transport to the

locality appointed for the competition. The Government Rhea Plantation at Saharunpore, in the North-Western Provinces, has been fixed as the place where the public competition will be held, and the Government of India will provide one or more small steam-engines to work the machines during the public competition.

- 7.—All machinery, &c., intended for trial must be brought by the competitors at their own charge to the Saharunpore Rhea Plantation, and kept ready before the 1st April 1872, to be there worked under their own supervision, or under that of their representatives, for a sufficient length of time to enable the judges appointed by Government to determine whether all the conditions named have been complied with. The prize machine is to be transferred, if required, to Government at 5 per cent. above cost price; the patent right in any such machine to be also transferred, if required, to Government, on the latter securing to the patentee a royalty of 5 per cent. on the cost price of all machines manufactured under the patent during its currency.
- 8.—Arrangements have now been completed for the supply of dried Rhea stems to intending competitors, both in this country and in Europe, to enable them to form a correct idea of the nature of the plant which their machinery will be required to deal with. Persons in Europe desirous to obtain small supplies of dried Rhea stems for the above purpose, should apply to the Secretary of State for India. Intending competitors in this country, desirous of obtaining supplies of the article, must submit applications to the Secretary to the Government of India, in the Department of Agriculture, Revenue, and Commerce, in the Form A hereto annexed, prior to the 1st of March 1871; and those who are desirous of testing their machinery on the fresh Rhea at the Government Rhea Plantation at Saharunpore during the year 1871, must submit their applications to the same authority, in the Form B hereto annexed, prior to the 1st April 1871. The former will have to pay the expenses that may be incurred in packing and despatching the stems. The latter will have to provide all labor and motive power necessary for, and to pay all expenses connected with, their experiments: the fibre turned out by their machines during such experiments to become the property of Government.
- 9.—In order to enable the Government to arrange for the provision of a sufficient stock of fresh Rhea stems for the purposes of the formal competition in April 1872, it is necessary to ascertain beforehand the number of machines that are likely to take part in it; and intending competitors are therefore requested to submit, prior to the 1st May 1871, and in the Form C also hereto annexed, notices of intention to compete.

Form A.

APPLICATION FOR DRIED STEMS OF THE RHEA.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Quantity of dried stems applied for.	Locality to which it is desired that the stems be transmitted.	Name of nearest Railway Station to locality entered in preceding column.

On hearing from the Superintendent of the Government Rhea Plantation, Saharunpore, the amount of the expenses to be incurred in packing and despatching the quantity of stems above applied for, or such lesser quantity as may be allotted to me, as also the cost of carriage of such quantity to *(here insert the locality to which it is desired that the stems be forwarded)*, or to the nearest Railway Station, I promise to remit the total amount so required to the said officer, and I acknowledge that the packing and transmission of such stems will be entirely at my risk.

APPLICATION FOR PERMISSION TO MAKE PRELIMINARY EXPERIMENTS FOR TESTING MACHINERY
AT THE GOVERNMENT RHEA PLANTATION, SAHARUNPORE.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Brief description of machinery proposed to be tested.	Date on which applicant, if permitted, proposes to commence testing his machinery.	Approximate amount of green stem which applicant expects will be necessary for testing the machinery.

I acknowledge that, if permission be granted to me to test the above-described machinery at the Government Plantation, such permission will be subject to the following conditions :—

- 1st.—I am to provide all labor and motive power necessary for, and to pay all expenses connected with, testing my machinery.
- 2nd.—I am bound to conform to such rules in regard to time and place of conducting my experiments, hours of working, and the like, as the Superintendent of the Plantation may lay down for my guidance.
- 3rd.—I shall receive only such quantities of green stem, and at such time or times as, with reference to the other claims upon him, the Superintendent may find convenient to allot me.
- 4th.—All fibre, &c., turned out by my machines during these experiments, with stems furnished by Government, will be the property of Government.

FIBRES AND SILK.

Fort William, the 26th January 1871.

No. 478.—The Governor General in Council is pleased to direct the publication of the following advertisement in substitution of the one published under Notification No. 145, dated the 11th January 1870:—

ADVERTISEMENT.

- 1.—The Government of India, after communication with various Agricultural and Horticultural Societies in India, and with persons interested in the subject, has arrived at the conclusion that the only real obstacle to the development of an extensive trade in the fibre of Rhea or China-grass is the want of suitable machinery for separating the fibre and bark from the stem, and the fibre from the bark, the cost of effecting such separation by manual labor being great.
- 2.—The demand for the fibre is now large, and, no doubt, might be extended with reduced prices, and there is a practically unlimited extent of country in India where the plant could be grown.
- 3.—The requirements of the case appear to be some machinery or process capable of producing, with the aid of animal, water, or steam-power, a ton of fibre of a quality which shall average in value not less than £50 per ton in the English market, at a total cost—all processes of manufacture and allowance for wear and tear included—of not more than £15 per ton. The said processes are to be understood to include all the operations performed, after the cutting and transport of the plant to the place of manufacture to the completion of the manufacture of fibre of the quality above described. The machinery must be simple, strong, durable, and cheap, and should be suited for erection at or near the plantations, as the refuse is very useful as manure for continued cultivation.
- 4.—To stimulate the invention or adaptation of such machinery or process, the Government of India hereby offers a prize of £5,000 for the machine and process that best fulfils all the requirements named above.
- 5.—Rewards of moderate amount will be given for really meritorious inventions even though failing to meet entirely all the conditions named.
- 6.—Owing to the delay that has taken place in maturing the preliminary arrangements, the Government of India has decided that the competition will not be held until the 1st April 1872, thus affording a much longer time than was originally intended for the preparation of machines and their transport to the locality appointed for the competition. The Government Rhea Plantation at Saharanpore, in the North-Western Provinces, has been fixed as the place where the public competition will be held, and the Government of India will provide one or more small steam-engines to work the machines during the public competition.

- 7.—All machinery, &c., intended for trial must be brought by the competitors at their own charge to the Saharunpore Rhea Plantation, and kept ready before the 1st April 1872, to be there worked under their own supervision, or under that of their representatives, for a sufficient length of time to enable the judges appointed by Government to determine whether all the conditions named have been complied with. The prize machine is to be transferred, if required, to Government at 5 per cent. above cost price; the patent right in any such machine to be also transferred, if required, to Government, on the latter securing to the patentee a royalty of 5 per cent. on the cost price of all machines manufactured under the patent during its currency.
- 8.—Arrangements have now been completed for the supply of dried Rhea stems to intending competitors, both in this country and in Europe, to enable them to form a correct idea of the nature of the plant which their machinery will be required to deal with. Persons in Europe desirous to obtain small supplies of dried Rhea stems for the above purpose, should apply to the Secretary of State for India. Intending competitors in this country, desirous of obtaining supplies of the article, must submit applications to the Secretary to the Government of India, in the Department of Agriculture, Revenue, and Commerce, in the Form A hereto annexed, prior to the 1st of March 1871; and those who are desirous of testing their machinery on the fresh Rhea at the Government Rhea Plantation at Saharunpore during the year 1871, must submit their applications to the same authority, in the Form B hereto annexed, prior to the 1st April 1871. The former will have to pay the expenses that may be incurred in packing and despatching the stems. The latter will have to provide all labor and motive power necessary for, and to pay all expenses connected with, their experiments: the fibre turned out by their machines during such experiments to become the property of Government.
- 9.—In order to enable the Government to arrange for the provision of a sufficient stock of fresh Rhea stems for the purposes of the formal competition in April 1872, it is necessary to ascertain beforehand the number of machines that are likely to take part in it; and intending competitors are therefore requested to submit, prior to the 1st May 1871, and in the Form C also hereto annexed, notices of intention to compete.

Form A.

APPLICATION FOR DRIED STEMS OF THE RHEA.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Quantity of dried stems applied for.	Locality to which it is desired that the stems be transmitted.	Name of nearest Railway Station to locality entered in preceding column.

On hearing from the Superintendent of the Government Rhea Plantation, Saharunpore, the amount of the expenses to be incurred in packing and despatching the quantity of stems above applied for, or such lesser quantity as may be allotted to me, as also the cost of carriage of such quantity to *(here insert the locality to which it is desired that the stems be forwarded)*, or to the nearest Railway Station, I promise to remit the total amount so required to the said officer, and I acknowledge that the packing and transmission of such stems will be entirely at my risk.

APPLICATION FOR PERMISSION TO MAKE PRELIMINARY EXPERIMENTS FOR TESTING MACHINERY
AT THE GOVERNMENT RHEA PLANTATION, SAHARUNPORE.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Brief description of machinery proposed to be tested.	Date on which applicant, if permitted, proposes to commence testing his machinery.	Approximate amount of green stem which applicant expects will be necessary for testing the machinery.

I acknowledge that, if permission be granted to me to test the above-described machinery at the Government Plantation, such permission will be subject to the following conditions:—

- 1st.—I am to provide all labor and motive power necessary for, and to pay all expenses connected with, testing my machinery.
- 2nd.—I am bound to conform to such rules in regard to time and place of conducting my experiments, hours of working, and the like, as the Superintendent of the Plantation may lay down for my guidance.
- 3rd.—I shall receive only such quantities of green stem, and at such time or times as, with reference to the other claims upon him, the Superintendent may find convenient to allot me.
- 4th.—All fibre, &c., turned out by my machines during these experiments, with stems furnished by Government, will be the property of Government.

ACTING ALLOWANCE CODE.

ARRANGEMENT OF CHAPTERS.

I.—Definitions and Explanations.	V.—The Public Works Department.
II.—General Rules.	VI.—The Survey Department.
III.—The Covenanted Civil Service.	VII.—Other Officers.
IV.—Military Officers in Civil Employ.	VIII.—Plural Appointments.
	IX.—Exceptional Cases.

CHAPTER I.—DEFINITIONS AND EXPLANATIONS.

Section I.—Unless there be something repugnant in the subject or context, "*Local Government*" includes a Department of the Government of India, a Chief Commissioner and the Resident at Hyderabad.

Section II.—Appointments are said to be in the same "*class*" when they are in the same Department and bear the same designation, or have been declared by the Government of India to be in the same class. Appointments in the same class are sometimes divided into "*grades*" according to pay.

Pay and Salary. *Section III. (a)*—The "*pay*" of an officer is as follows :

- (1.) In the case of an officer with a substantive appointment: the amount which he would receive monthly under any of the following designations if he were doing the work of his substantive appointment :

Substantive pay,
Consolidated pay,
Military pay and allowances, and staff salary,
Staff corps pay and staff salary.

- (2.) In the case of an officer without a substantive appointment, his subsistence allowance (if a Covenanted Civil Servant), and his military pay and allowances or staff corps pay (if a military officer).

(b.)—"*Progressive Pay*" is pay which rises from a minimum to maximum.

(c.)—"*Salary*" is the sum of "*pay*" and "*acting allowance*;" it does not include personal allowances, travelling allowances, or the like.

(d.)—"*Consolidated Pay*" includes military pay and allowances or staff corps pay which cannot be separately drawn.

(e.)—"*Staff Salary*" is allowance to a military officer in addition to the military pay and allowances or the staff corps pay of his rank.

Section IV.—Unless there be something repugnant in the subject or context, "*Appointment*" means "*Appointment in which an officer is officiating for an absentee.*"

Absentee. *Section V.*—An "*absentee*" is an officer absent, whether on leave or on duty, from an appointment on which he has a lien.

CHAPTER II.—GENERAL RULES.

Maximum and Minimum. *Section VI. (a.)*—The maximum salary of an officiating officer shall be the pay of the appointment.

(b.)—The minimum salary of an officiating officer shall be half the pay of the appointment.

Section VII. (a.)—If the pay of the appointment is progressive, the maximum salary of the officiating officer shall be the pay which he would, from time to time, receive, if he held the appointment substantively, non-continuous periods of tenure being counted towards his increments; and the minimum salary shall be half the said pay.

(b.)—If the officer's pay is not less than the minimum pay of the appointment, he is entitled to the maximum salary stated in clause (a).

(c.)—The officer is entitled to count towards the increments any period in excess of one year, immediately preceding his officiating appointment, during which his pay has been not less than the minimum pay thereof: Provided that not more than one year shall be so counted.

NOTE.—This section does not, without a special order of the Director General, apply to cases arising in the Post Office Department.

Section VIII. (a.)—An officer on the maximum pay of his own appointment, officiating in another appointment of which the pay is progressive, and drawing salary not less than the minimum pay thereof, will, if he afterwards obtains it substantively, count the officiating service towards the increments of pay.

(b.)—In departments in which the pay is regulated according to classes, an officer on the maximum pay of his own class officiating in a higher class, and drawing salary not less than the minimum pay of the class immediately superior to his own, will, if he is afterwards promoted to the class last mentioned, count his officiating service towards the increments of pay.

Section IX.—Fractions and percentages of a pay which is progressive are calculated on the mean between the minimum and the maximum.

Section X.—If the pay of an appointment is increased upon an examination being passed, an officiating officer's allowances shall be calculated on the pay which he would, from time to time, receive if he held the appointment substantively.

Section XI.—If an absentee draws no part of the pay of his appointment, another officer may be appointed thereto substantively, for a time only, on full pay, without disturbing the lien of the absentee.

NOTE.—An absentee who receives leave allowances draws, within the meaning of this section, "part of the pay of his appointment."

CHAPTER IV.—MILITARY OFFICERS IN CIVIL EMPLOY.

Section XII.—The cases which may occur are these—

Specification of cases.

(A.) An officer officiating in an appointment of which the pay is consolidated may be—

Case 1.—An officer without a substantive appointment.

Case 2.—An officer having a substantive appointment the pay of which is consolidated.

Case 3.—An officer having a substantive appointment the pay of which is a staff salary.

(B.) An officer officiating in an appointment of which the pay is a staff salary may be—

Case 4.—An Officer without a substantive appointment.

Case 5.—An Officer having a substantive appointment the pay of which is consolidated.

Case 6.—An Officer having a substantive appointment the pay of which is a staff salary.

NOTE.—An appointment of which the pay is fixed with reference to its being held by a civil officer. Covenanted or Uncovenanted, is treated, for the purposes of this section, as if the pay of it were "consolidated."

Section XV.—In case 1 the officer is entitled to his pay and to such acting allowance as will make the total equal to the sum of the assumed subsistence allowance stated below, plus half the pay of the appointment.

Assumed subsistence allowance.

	Rs.
For the rank of Captain or Subaltern	250
For the rank of Major	320
For higher rank	400

Section XVI.—In cases 2 and 3 the acting allowance is regulated by *Section XII.*

Section XVII. (a.)—In cases 4, 5, and 6 the salaries are calculated by military rules: any excess of the consolidated pay of the substantive appointment in case 5 over the military pay and allowances or the staff corps pay of the officer being treated as a staff salary.

(b.)—The military rules referred to are as follows:

(1.) For officers who have elected the rules of 1868—

An officiating officer will draw half the staff salary of the appointment, and half the staff salary of his substantive appointment, if he possess one: provided the whole staff salary thus drawn be not less than Rs. 100 per mensem.

(2.) For officers who have elected the rules of 1854—

An officiating officer will draw half the staff salary of the appointment. After acting for six months, whether continuously or not, in the same post or grade, he is entitled to the full staff salary as soon as the absentee ceases to draw any part of it.

Section XVIII. (a.)—A medical appointment, the pay of which was fixed by General Order of the Government of India, Military Department, No. 370, dated 4th April 1867, is to be treated for the purposes of this Chapter as if the pay thereof were a staff salary equal to the excess, if any, of the consolidated pay over the "unemployed pay" of the permanent incumbent.

(b.) Provided that an officer appointed to the Medical Service before 7th November 1864, officiating in one of these appointments, shall receive an aggregate salary not less than his full batta pay.

CHAPTER V.—PUBLIC WORKS DEPARTMENT.

The following rules regulate the acting allowances of officers of the Engineer Establishment of the Public Works Department, and of the superior officers of the Accounts Branch of that Department:—

No officiating in grades.

Section XIX. (a.)—No officer of a class divided into grades is allowed to officiate in that class in a grade higher than that which he holds permanently.

(b.)—An officer officiating in a rank which is divided into classes, or in a class divided into grades, will officiate in the lowest class or grade. This rule does not apply to, officers officiating in appointments the substantive holders of which must belong to a particular class.

Section XX. (a.)—An officer with a substantive appointment, officiating in a higher class or in another appointment, is entitled to an acting allowance, in addition to his pay, of one-fifth of the civil pay of the class or appointment in which he officiates.

(b.)—A Civil officer without a substantive appointment is entitled to an acting allowance of half the civil pay of the class or appointment in which he officiates. A military officer, without an appointment, is entitled to his pay and to such acting allowance as will make the total equal to the sum of the assumed subsistence allowance stated in *Section XV*, plus half the civil pay of the class or appointment in which he officiates.

(c.)—In the case of a graded class, the average civil pay of the grades (calculated without reference to the number of appointments in each grade) is deemed to be the civil pay of the class, provided that the officiating officer's salary shall not exceed the pay of the lowest grade.

(d.)—The net military pay of an officer of the Royal Engineers is not taken into account in calculating acting allowances. He is entitled to this pay independently of any other allowance.

Section XXI.—In the following cases special allowances are given, on sanction by the Local Government, or if the appointments are under a Chief Commissioner or an Agent to the Governor General, or under the Resident of Hyderabad, or the Superintendent of Port Blair, by the Government of India :

(a.)—A subordinate officiating as an Executive Engineer is allowed Rs. 100 a month in addition to his pay, provided that the aggregate does not exceed the pay of an Executive Engineer of the 4th Grade.

(b.)—A subordinate officiating as an assistant is allowed an addition of Rs. 50 a month to his pay. This allowance is not admissible on the mere circumstance of the subordinate holding a charge formerly held by an assistant, but only when the charge involves duties and responsibilities which, in character or extent, are such as are not usually imposed on subordinate officers.

(c.)—An Accountant officiating for a Controller or Deputy Controller is entitled to draw an allowance of Rs. 100 per month in addition to his pay, provided that the aggregate does not exceed the pay of a Deputy Controller.

Section XXII.—No increased allowances are admissible to an officer of the Upper Subordinate Establishment, or to a Sub-Overseer, for performing duties previously entrusted to one of a higher grade in either of the Subordinate Establishments.

CHAPTER VI.—THE SURVEY DEPARTMENT.

The following special rules apply to officers not below the rank of Assistant Surveyor in the Survey Department under the Surveyor General of India :

Section XXIII.—An officer officiating in the grade immediately superior to his own, is entitled to the same allowances as if he were confirmed in that grade.

Section XXIV.—An officer officiating in a grade higher than that immediately superior to his own, is entitled to an acting allowance, in addition to his pay, of one-fifth of the civil pay of the grade in which he officiates.

NOTE.—The note to *Section XII. (a)*, applies to this section also.

Section XXV.—An officer without a substantive appointment is entitled to an acting allowance in addition to his pay (if any) of half the civil pay of the grade in which he officiates.

CHAPTER VII.—OTHER OFFICERS.

Section XXVI.—The following are the rules applicable to officers in civil employ who are not members of the Covenanted Civil Service, nor Commissioned Officers in the Army, nor in the Public Works and Survey (India) Departments, unless they are officiating in appointments below the rank of Assistant Engineer, or Assistant Controller, or Assistant Surveyor, nor officers of the superior establishment of the Telegraph and Forest Departments, whose acting allowances are regulated by the special rules contained in the Appendix.

Section XXVII. (a.)—An officer with a substantive appointment officiating in an appointment which is open to, and may in practice be held by, a Covenanted Civil Servant or an Officer of the Army, is entitled to the acting allowance prescribed in *Section XII*.

Officers with substantive appointments.

Examples of the appointments referred to.

Postmaster-Generals; Judge of a Small Cause Court; Gazetted appointments in the Police Department.

(b.)—An officer with a substantive appointment officiating in an appointment of which the pay is not less than Rs. 100 per mensem, is entitled to an acting allowance of one-fifth of the pay of the appointment: Provided that no officer may, under this clause, be appointed to officiate in a higher grade of his own class.

Section XXVIII.—An officer without a substantive appointment, officiating in an appointment the pay of which is not less than Rs 100 per mensem, is entitled to an acting allowance of half the pay of the appointment.

Officers without substantive appointments.

Section XXIX.—If the appointment belongs to a graded class, the average pay of the grades (calculated without reference to the number of appointments in each grade) is deemed to be the pay of the appointment: Provided that the officiating officer's salary shall not exceed the pay of the lowest grade. This section does not apply to an officer who belongs to another Department, and is specially appointed to officiate in a grade other than the lowest.

Section XXX.—If the pay of the appointment is less than Rs. 200, and the Local Government considers that the acting allowances admissible by rule are insufficient, it may grant to the officiating officer higher allowances not exceeding the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

Section XXXI.—The salary of an officer officiating in an appointment of which the pay is less than Rs. 100 per mensem, should, as far as practicable, be regulated by *Sections XXVII. (b.)* and *XXVIII.*; but the officer who appoints the substitute may allow him higher allowances not exceeding the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

CHAPTER VIII.—PLURAL APPOINTMENTS.

Section XXXII.—The salary of an officer holding substantively, or officiating in two or more independent appointments at one time, shall be regulated as follows:—

Two or more appointments.

(a.)—He shall draw the highest salary to which he would be entitled if he held, or officiated in, any one of the appointments alone.

(b.)—For the other appointment or appointments, he shall draw such allowances as the Local Government may fix, not exceeding, for each appointment, half the salary which he would draw if he held or officiated in it alone.

(c.)—Provided that his aggregate salary shall not exceed the pay which he would draw in the most highly paid of the appointments, if he held it substantively and alone.

(d.)—This proviso may be dispensed with, if the Local Government declares that, for special reasons (to be communicated to the Supreme Government), it is necessary, on public grounds, to entrust to the one officer the duties of the several offices at once, and that the salary to which he would be limited by the proviso is insufficient.

[*Illustration.*—A Covenanted Civil Servant holding a substantive appointment, A, of which the pay is Rs. 1,000, is appointed, without being relieved of his own duties, to officiate in two appointments, B, of which the pay is Rs. 1,600, and C, of which the pay is Rs. 2,200.

	Rs.
If he held A only, he would draw	1,000
If he officiated in B only, he would draw pay Rs. 1,000 and acting allowance Rs. 400	1,400
If he officiated in C only, he would draw pay Rs. 1,000 and acting allowance Rs. 800	1,800
He will therefore draw for C (which carries the highest salary)	1,800
And but for proviso (c) he would be entitled for B and A, to such allowances as the Local Government might fix, not exceeding Rs. $\frac{1,600}{2} = 700$ for B, and $\frac{1,000}{2} = 500$ for A.	

But in consequence of that proviso, his aggregate salary must be limited to Rs. 2,200 (the pay of appointment C), unless the declaration prescribed in clause (d) be made.]

Section XXXIII. (a.)—*Section XXXII.* does not apply to the case of an officer officiating at the same time in two or more appointments which are ordinarily held substantively by one individual. In such case the two appointments shall, for the purpose of calculating acting allowances, be treated as one appointment upon the aggregate pay.

Exceptions.

(b.)—Nor to the case of an officer discharging the duties of more than one appointment in the same office, or on the same establishment.

EXAMPLES.—One Under Secretary discharging the duties of a fellow Under Secretary in the same office or department as well as his own.

A Joint Magistrate appointed, in addition to his own duties, to officiate as Magistrate of the District. In this case, he gets allowances only as Officiating Magistrate of the District.

A District Judge deprived of the help of an Additional or Assistant Judge and therefore doing the Additional or Assistant Judge's work.

A Joint Magistrate doing the work of a second Joint Magistrate in the District, as well as his own.

A clerk doing the duties of a fellow clerk in his own office.

(c.)—Nor does that Section affect "local allowances" given for the performance of separate duties.

Section XXXIV. (a.)—An officer appointed, without being relieved of his own duties, to be in charge of the current duties of an office, is not ordinarily entitled to acting allowance.

(b.)—But when an officer is appointed to be in charge of the current duties of a judicial office, or of a gazetted office in the Police Department, and the charge, in the opinion of the Local Government, entails a substantial increase of responsibility, besides some additional work, he is entitled to a charge allowance of one-tenth of the pay of the office. If the office is open to, and may in practice be held by, a Covenanted Civil Servant or an Officer of the Army, the minimum charge allowance is Rs. 100 per mensem.

(c.)—An officer of the Engineer Establishment of the Public Works Department, appointed without being relieved of his own duties, to be in charge of the current duties of an office of higher class than his own, is entitled to a charge allowance of one-tenth of civil pay of the class. But the cases must be reported to the Government of India for confirmation.

CHAPTER IX.—EXCEPTIONAL CASES.

Section XXXV.—The allowances of an officiating Ordinary Member of the Executive Council of the Governor General, or of the Governor of Madras or Bombay, are regulated by Act of Parliament,

Members of Council.
Section 27 of 24 & 25 Vic., Cap. 67.

Section 27.—If any vacancy shall happen in the office of an Ordinary Member of the Council of the Governor General, or of the Council of either of the Presidencies, when no person provisionally appointed to succeed thereto shall be then present on the spot, then, and on every such occasion, such vacancy shall be supplied by the appointment of the Governor General in Council, or the Governor in Council, as the case may be, and until a successor shall arrive, the person so nominated shall execute the office to which he shall have been appointed, and shall have all the powers thereof, and shall have, and be entitled to, the salary and other emoluments and advantages appertaining to the said office during his continuance therein, every such temporary Member of Council foregoing all salaries and allowances by him held and enjoyed at the time of his being appointed to such office; and if any Ordinary Member of the Council of the Governor General, or of the Council of either of the Presidencies, shall, by any infirmity or otherwise, be rendered incapable of acting or of attending to act as such, or if any such Member shall be absent on leave, and if any person shall have been provisionally appointed as aforesaid, then the place of such Member absent or unable to attend shall be supplied by such person, and if no person provisionally appointed to succeed to the office shall be then on the spot, the Governor General in Council, or Governor in Council as the case may be, shall appoint some person to be a temporary Member of Council, and until the return of the Member so absent or unable to attend, the person so provisionally appointed by the Secretary of State in Council, or so appointed by the Governor General in Council, or Governor in Council, as the case may be, shall execute the office to which he shall have been appointed, and shall have all the powers thereof, and shall receive half the salary of the Member of Council whose place he supplies, and also half the salary of his office under the Government of India, or the Government of either of the Presidencies, as the case may be, if he hold any such office, the remaining half of such last-named salary being at the disposal of the Government of India, or other Government as aforesaid; provided always that no person shall be appointed a temporary Member of the said Council, who might not have been appointed as hereinbefore provided to fill the vacancy supplied by such temporary appointment.

Section XXXVI.—An Officiating Chief Justice, or Judge of any High Court, or of the Chief Court of the Punjab, is entitled to the full pay of the appointment.

Section XXXVII.—An Officiating Law Officer draws as acting allowance the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

Section XXXVIII.—In the North-Western Provinces, when a settlement officer officiates in an appointment in another Department, his salary shall be calculated on the basis of the pay of the ordinary grade next below the standing which he occupies in the Settlement Department.

Section XXXIX.—In Madras the Government may grant as acting allowance to an officer officiating as Translator to Government the difference between the pay of the appointment and the portion of it drawn by the absentee for whom he officiates.

Section XL.—In Madras the first, second, and third grades of moonsiffships are, for the purpose of this code, deemed to be distinct classes.

Moonsiffs in Madras.

Cases of fixed minima.

Section XLII.—The under-mentioned officers, officiating or substantive, are entitled to minimum salaries as follows:—

	Rs.
Accountant General in Madras, Bombay, or Bengal	1,500
Accountant General in North-Western Provinces or in the Punjab	1,200
Accountant General (or Deputy Accountant General in independent charge) in British Burmah	1,000
Deputy Accountant General (in independent charge) in the Central Provinces, Hyderabad, or Mysore	800
Uncovenanted Medical Officer in medical charge of a Civil Station	350
Supernumerary Deputy Collector in Sind	400
Extra Assistant Commissioner, 3rd class, in British Burmah	75
Extra Assistant Commissioner, except as above	200
Assistant Superintendent of Police (except those promoted from lower grades)	200

Published by Order of the Governor General in Council.

APPENDIX REFERRED TO IN SECTION XXVI.

Extract from the Telegraph Code, Chapter D.

82. The following Rules relate to the acting allowances of officers of the superior establishment, the expression "consolidated pay" being in all cases understood as the pay fixed for a Civil Officer holding an appointment, even though the officer effected in the calculation of acting allowance be a Military Officer.

- I.—An officer officiating in the Telegraph Department, who does not hold any substantive appointment, shall receive an acting allowance of half the consolidated pay of the appointment in which he may officiate. In giving acting allowance under this rule to a Military Officer not holding any substantive appointment, who may officiate in the Telegraph Department, the allowance granted will be in addition to his military pay and allowances, up to an amount not exceeding what the officer would draw were he to be confirmed in the lowest grade of the class in which he may be appointed to officiate.
- II.—An officer officiating as Director General shall draw a salary not less than Rs. 2,500 per mensem.
- III.—Except, as provided in Rules I and V, an officer officiating in a grade immediately superior to his own shall draw the minimum consolidated pay of that grade; if he be a Military Officer, and the grade in which he is officiating carry staff allowances, he shall draw the same salary as he would draw were he permanently confirmed in the grade in which he officiates.
- IV.—Except, as provided in Rules I and V, an officer officiating in a grade higher than that immediately superior to his own shall draw an acting allowance of one-fifth of the mean consolidated pay of the grade in which he officiates, provided that the whole salary drawn by him shall not exceed the minimum pay of the grade in which he officiates. If, however, he be a Military Officer officiating in a grade carrying staff allowances, he shall draw, in addition to the staff allowances of his own grade, an acting allowance of one-fifth of the staff allowances of the grade in which he officiates, provided that the whole salary drawn by him shall not exceed the maximum pay fixed for the grade in which he officiates.
- V.—No Assistant Superintendent, when officiating for another Assistant Superintendent of a higher grade, shall draw any acting allowance.
- VI.—These Rules are to be applied to all officers, Military or Civil, officiating in the superior appointments of the Telegraph Department, in all cases, whether in an absolute vacancy or during the absence of the permanent incumbent on general or privilege leave, special duty, or field service.
- VII.—The acting allowance to the substitute of an officer on privilege leave will be paid by the State.
- VIII.—A Superintendent holding charge of two divisions will receive an allowance of Rs. 100 a month, and any Assistant Superintendent in charge of two sub-divisions Rs. 50 a month. This, however, is only to be allowed under special circumstances, and as temporary arrangement, and must be reported to the Government of India for confirmation.

90. No increased allowances are payable to any officer of the upper or lower subordinate establishment, or to any Sub-Inspector for performing duties previously entrusted to one of a higher grade in either of those subordinate establishments.

Extract from the Rules for the appointments, &c., of Officers of the Forest Department under the control of the Government of India.

- XII.—As a rule, all officiating appointments will be made to the lowest grade of Assistant or Deputy Conservator, and to the lowest class of Conservator, and in such cases the salary of the officiating officer will be the pay of the lowest grade or class of the office in which he officiates. There being no fixed number in the different grades of the Assistant Conservator and Deputy Conservator, no officiating appointments in the higher grades within these classes will be permitted.
- XIII.—If in any special case an officiating appointment is made otherwise than to the lowest grade or class of Assistant or Deputy Conservator or Conservator, the salary of the officiating officer will be regulated by the ordinary rules regarding acting allowance, or will be specially fixed by the Government of India.

The 21st December 1871.

No. 3232.—Difficulties having been found in applying the various rules regarding the salary drawn by officers in appointments of which the pay rises from a minimum to a maximum, the Governor General in Council is pleased to direct the publication of the following Statement of the Rules in force for the counting of increments of Progressive Pay and Salary. Sections VII, VIII, and IX of the Acting Allowance Code are superseded, being, with the following modifications, incorporated in these rules:—

Modifications.—(1). The rule in Clause (b) of Section VII ceases to have effect; until the publication of the Acting Allowance Code, it applied only to ministerial officers and to the classified list of the Financial Department; and, in all but extreme instances, the rules now published give the same allowances.

(2). The privilege conceded in Clause (c) of Section VII is restricted to appointments the minimum pay of which is not less than Rs. 100: and it is extended to substantive appointments as well as officiating.

No refunds need be demanded in consequence of these modifications.

Rules for counting increments in Progressive Salaries.

I (a). When an officer is first appointed (whether the appointment be substantive or officiating) to an office of which the pay is progressive and the minimum pay is not less than Rs. 100, the pay of the appointment shall, for the purpose of calculating his salary, be ascertained by counting towards the increments any continuous period in excess of a year immediately preceding the date on which the appointment takes effect, during which the officer's pay—

(1) if progressive, has been at its maximum, and

(2) has been not less than the minimum pay of the appointment.

Provided that not more than a year can be counted under this section.

(b). If the minimum pay of the appointment is less than Rs. 100, no time can be counted towards the increments before the date on which the appointment takes effect.

II. After an officer's first appointment, the pay of the appointment shall, for the purpose of calculating his salary, be ascertained by counting towards the increments (in addition to any time admissible under Section I)—

i. Any time, whether continuous or not, during which he has officiated in the appointment, and during which—

(1) his pay, if progressive, has been at its maximum, and

(2) his salary has been not less than the minimum pay of the appointment.

ii. Any time during which he has substantively held the appointment.

III (a). If the officer is officiating in the appointment, his acting allowance shall be calculated on the mean pay of the appointment; his maximum salary shall be the pay of the appointment as fixed in accordance with Sections I and II; and his minimum salary shall be half the mean pay of the appointment.

(b). If the officer holds the appointment substantively, his pay shall be the pay of the appointment as fixed in accordance with Sections I and II.

IV. An officer may, by excluding a previous appointment, count a subsequent appointment as the "first" appointment under these rules.

Example—

A officiated from 1st January 1872 till 31st March 1872 in an appointment the pay of which was progressive, but his own pay not being at the maximum, he was not entitled to count any time under Section I.

He is again appointed to officiate on 1st January 1874, but his pay having for some time been at the maximum, and the other conditions being fulfilled, the circumstances are such that, if this were his first appointment, he would be entitled, under Section I, to count 9 months towards the increments.

As this is more advantageous than it would be to count under Section II only the three months of his first officiating tenure, he would, by this section, exclude the first officiating tenure, and count the second tenure (beginning on 1st January 1874) as the first.

The three months of course could not be afterwards counted under Section II.

V. In Departments in which the pay is regulated according to classes, an officer may count, under Section II, any time during which he has officiated in a higher class, as if he had during that time officiated in any lower class. Time thus counted cannot be afterwards counted towards an increment in the higher class.

VI. Time spent on leave with allowances counts towards increments in the same manner as if during it the officer had actually held or officiated in (as the case may be) the appointment on which he has a lien. But an increment accruing while an officer is on leave does not affect his allowances until he returns to duty.

VII. Time passed under suspension does not count towards increments, if the suspension is adjudged as a penalty; but an officer, in directing reinstatement of a person who has been suspended, may declare that the time shall count.

VIII. The following special rules apply to the Post Office Department:—

(1). Unless otherwise specially ordered by the Director General, an officer can count time only under Section II, and can count under part i of that Section only so much as is continuous.

(2). An increment accruing in any other month than March must be postponed until the 1st of March next following.

Note.—I. Rules I and V were first promulgated in the Acting Allowance Code dated 1st August 1871.

Rule V may be applied in fixing the salaries of officers in the appointments which they were holding on 1st August, but no back pay can be drawn in consequence of the permission given by it.

Rule I can be applied only in fixing the salaries of officers in appointments made on or after 1st August, but any officer holding an appointment on 1st August 1871 may count that appointment as if it had been "first" made on that date.

2. The provisions of the above Notifications are applicable to the three Presidencies, as regards the acting allowances of all Uncovenanted Servants and of Military Subordinates, also employed as Clerks in Public Offices under the Military Department.

No. 389 of 1872.—Under instructions from Her Majesty's Government the Right Hon'ble the Governor General in Council is pleased to direct that G. G. O. No. 940, dated 24th October 1871, be cancelled; and that, with the view of preventing the inconvenience which it has been represented may arise from laying down one rule in regard to the payments of contributions to the Military and Orphan Funds of the three Presidencies (each of which has its own rules) and the penalties for non-payment, the mode of enforcing payments and charging interest on arrears, &c., shall be, as heretofore, regulated by the rules of each fund which were in force when the funds were taken over by the State; and that in cases which are not definitely provided for in the Regulations the practice which has hitherto been followed shall be adhered to.

2. On any voluntary subscriber neglecting or refusing to pay the sums due from him to his fund, the Officer in charge of the Fund Office should refer the case for the consideration and orders of the Government of the Presidency, with reference to para. 2 of G. G. O. No. 899 of 1866 in order that the case may be dealt with on its merits.

The 10th April 1872.

2. The small arms of the Batteries and Volunteer Corps at the Stations marginally cited, will be repaired and browned in the Arsenals noted opposite to them.

3. The small arms of Batteries and Volunteers at all other Stations will be repaired and browned by the Armourer Sergeants of British Regiments on the spot, or will be sent for repair to the nearest Station where there is an Armourer Sergeant.

With the exception of the East Indian Railway Volunteer Corps, to which an Armourer Sergeant is attached.

4. Armourer Sergeants in accordance with the provision of War Office Circular, Clause 38 of 1870, made applicable to India by G. G. O. No. 295 of 1871, will not, except under the circumstances hereafter stated, receive any extra remuneration for repairing or browning these arms.

5. When the number of arms of Artillery and Volunteers to be kept in repair by the Armourer Sergeant of a British Regiment, exceeds 24, being the equipment of one Field Battery, he will be remunerated for such extra work according to the scale laid down in Columns B and D of Statement published in General Order of Commander-in-Chief dated 29th May 1865, provided it can be shewn conclusively that the working hours of the Armourer concerned are already fully occupied with the repair of arms of his own Regiment.

6. The bill for extra labor must, in such cases, be supported by a statement shewing the number of arms the Armourer Sergeant had in charge, and by a certificate of the Commanding Officer of the British Regiment that, consistently with the proper discharge of his regular duties, the arms of the Battery or Volunteer Corps could not have been repaired within working hours.

7. The bill, in such cases, will be submitted in the first instance to the Chief Inspector of Musketry who, if he considers the claim equitable, will countersign it and send it on to the Ordnance Office for settlement.

8. Officers Commanding Batteries of Artillery and Volunteer Corps (those excepted whose arms are to be repaired in Arsenals) will annually indent for the proportions of component parts and materials for repairing and browning their arms, which are allowed free of charge under the provisions of the General Orders quoted in the margin.

General Order of Commander-in-Chief, dated 29th May 1865.
General Order No. 103, dated 5th June 1866.
Adjutant General's Circular Memo. No. 100, dated 26th December 1867.

9. In the case of Batteries and Volunteer Corps at Stations where there is no Armourer Sergeant, and whose arms will therefore have to be sent to another Station to be repaired or browned, the materials for repairs, &c., indented for as above (Rangoon oil for cleaning excepted), will be sent, in compliance with the annual indent direct from the Arsenal to the Station where the repairs are to be executed, which should be stated in the indent, and kept in charge of the Quarter Master of one of the British Regiments at that Station.

10. The provisions of paragraphs 8 and 9 of General Order of Commander-in-Chief, dated 29th May 1865, relating to payment by the men for the repairs of arms injured either intentionally or by carelessness, are applicable to the arms of Royal Artillery and Volunteer Corps; and their arms will be browned as provided for in paragraph 11 of that Order.

The charges against the troops on account of losses or injuries to snider arms are given in General Order No. 94, dated 5th May 1871.

11. The sum of 8 annas per rifle per annum will be deducted from the contingent allowance of every Battery of Royal Artillery, and from the annual capitulation grant of every Volunteer Corps, as is already done from British Cavalry and Infantry, in aid of the expense incurred in keeping their arms in repair.

General Order of Commander-in-Chief of 29th May 1865.

12. The transport charges of these arms to and from an Armourer's shop will be defrayed by Government.

13. Chief Civil Master Armourers will visit on their tours of inspection all Batteries of Royal Artillery and Volunteer Corps, and examine and report on the state of their arms.

14. They will furnish a separate report on the small arms of each Battery to the Officer Commanding the Royal Artillery on the spot. These reports, in original, will be attached to the Battery reports on small arms in the form laid down in General Order by the Commander-in-Chief of 29th May 1865, sent to Army Head Quarters annually before the 1st June, through Officers Commanding Artillery Districts.

15. The reports of Chief Civil Master Armourers on the condition of the arms of Volunteer Corps will be given to the Officers in command of these Corps to be handed over to Inspecting Officers who will attach them to their own reports, noting the steps that have been taken to remedy any defects brought to notice.

16. After his inspection of the arms of Volunteer Corps, the Chief Civil Master Armourer will, when necessary, draw up a return in duplicate, specifying any cases of neglect or

unfair usage involving a charge against the Corps. The Commanding Officer may add his remarks at the foot of the return.

17. One copy of this return will be sent at once by the Commanding Officer to the Commissary of Ordnance of the nearest Arsenal; the other copy will be handed by the Commanding Officer to the Inspecting Officer, who will attach the document to his own report. In the event of any objection being raised to the report of the Chief Civil Master Armourer, the arm concerned will be sent without delay to the nearest Arsenal, and if the second examination confirms the Chief Civil Master Armourer's report, the expense of carriage will be charged against the Corps.

18. The Chief Civil Master Armourer will carefully note in his report on the state of the arms the general way in which the Sergeant Instructor has performed his duties as Armourer, together with the nature of all repairs, and how executed.

No. 401 of 1872.—Native Medical Pupil Ameer Buksh Khan, No. 121, who was admitted into the service by G. G. O. No. 389, dated 27th April 1871, is permitted to resign the service.

No. 402 of 1872.—The following instructions, with regard to the selection and training of

* NOTE 1. In some cases it would entail great hardship on pupils to attend at the Head Quarters of Deputy Inspectors General as in the Dacca Circle, and where a suitable Committee can be convened, as at Dacca and Debrooghur, for instance, it is desirable to give the opportunity of entering the service to deserving lads, without entailing a long and expensive journey.

* NOTE 2. The date will depend on the dates of commencement of the Session of Medical Schools.

They are as follows :—

Calcutta, 1st June.
Agra, 1st June and 1st November.
Nagpore, 1st June.
Lahore, 1st May.

It will be desirable to hold the examination 15 days before these dates, so as to ensure an entire year's hospital or dispensary residence.

Inspector General of Hospitals, *1, on such date as may be fixed by the Inspector General of Hospitals, *2.

3. Committees for the examination of candidates will be convened by the Officer Commanding the station, upon the requisition of the Deputy Inspector General of Hospitals, and will consist of two Medical Officers and an Interpreter, or if two medical officers are not available, of a Medical Officer, a Combatant Officer,

* NOTE 3. To meet the cases contemplated in Note 1. and an Interpreter; *3, one or, if necessary, two educated natives, competent to examine in Oordoo and Hindee, a regimental moonshee and

Native medical pupils, are substituted for General Order No. 159 of 1868, which is hereby cancelled.

2. Committees will be convened for the purpose of examining candidates for admission into the grade of Native medical pupils in each of the stations of the Bengal Presidency to which Deputy Inspectors General of Hospitals are attached, or at such other stations as may be selected by the

pundit, an officer of the Civil education establishment, or a teacher in a medical school, as may be suggested by the Deputy Inspector General of Hospitals, will be appointed to attend the Committee for the purpose of assisting in testing the qualifications of candidates in the vernacular.

4. The number of candidates required will be intimated by the Inspector General of Hospitals? The names of candidates found qualified will be placed in order of merit, and those in excess of the number assigned at once told that their services are not required.

5. The candidates must be between the ages of 15 and 20 years.

6. The names of candidates deserving to enter the grade of Native medical pupil will be registered in the Office of Deputy Inspectors General, who will examine their testimonials, satisfy themselves of their sufficiency and genuineness, and cause descriptive rolls to be carefully prepared, showing :—

1. Name,
2. Age,
3. Caste,
4. Father's name,
5. City, town, or village,
6. District or Pergunnah,

7. Personal peculiarities, height, habit of body, (stout slender, &c.) colour or complexion, hair and eyes, peculiar marks (small-pox, cicatrices, teeth, &c.) If the testimonials presented are not signed or countersigned by persons whose name and position are a sufficient guarantee of the respectability of the candidate, enquiries should be made to remove any doubts on the subject. The name of a candidate who brings no testimonial, or who is manifestly unfit physically for the duties of a soldier, should not be registered.

7. Admissions to the grade of Native medical pupil is equally open to the sons of soldiers and of persons engaged in civil occupations.

8. The preference in selection, attainments being equal, will be given to those who have already been attached to or served in civil or regimental hospitals. Beyond this, preference will not be given to men of any particular class; but respectable young men are encouraged to offer themselves, bringing certificates of character from the Inspectors or Head Masters of schools, or gentlemen, European or Native, whose name and position shall be a sufficient guarantee of the candidate's fitness for the service of Government.

9. The Deputy Inspector General of Hospitals is to prepare a general roll (in the form hereafter given) of all candidates, which will be laid before the Committee, the qualification columns being left blank for the Committee to fill up.

10. All candidates will be required to possess a competent knowledge of Oordoo or Hindee, and although a knowledge of English will not be insisted on, a preference in selection is to be given to those candidates who possess a competent knowledge of English in addition to their own vernacular.

11. The examination will consist of—

1st.—Reading with fluency a passage of some well known work in Oordoo and Hindee.

2nd.—Explaining the meaning of words and phrases.

3rd.—Reading with fluency a passage written in a fairly legible hand in Oordoo and Hindee.

4th.—Writing from dictation in Oordoo and Hindee. The writing and spelling should be carefully examined.

5th.—Arithmetic as far as the Rule-of-three. A thorough knowledge should be required.

6th.—If English is professed, the test laid down in G. G. O. No. 945 of 1868 should be the guide, a knowledge of prescriptions not being required.

12. The Committee should satisfy themselves regarding age and physical fitness of candidates, examine their credentials, and carefully identify them by comparing them with the descriptive roll.

13. These examinations are final as regards admission into the Hospital Assistant Class, but it is desirable that Principals of Schools should test the qualifications of pupils and their fitness to profit by the course of instruction of the school. The result of such examination should be reported to the Inspector General of Hospitals.

14. The result of the examination will be shown by a descriptive roll of the subjoined

[illegible]

Signature.

15. Native medical pupils will, under instructions from the Inspector General of Hospitals, be attested and distributed to hospitals and dispensaries by the Deputy Inspector General. The following is the form of attestations :—

(Calcutta,) 18 .
I of
Zillah son of
do

wear that I shall never forsake or abandon
my colours, that I will march wherever I am
directed, whether within or beyond Her
Majesty's Indian Territories, that I will im-
plicitly obey all the orders of my commanders,
and in everything behave myself as becomes
a good soldier and a faithful servant of Her
Majesty, and failing in any part of my duty
such, I will submit to the penalties de-
scribed in the Articles of War which have
been read to me. I further engage to serve
Government as a Hospital Assistant for 7
years after I have been declared qualified for
that grade, and I hereby engage, if I volun-
tarily seek my discharge before the expiry of
that period, to refund all and any money
which I may have drawn from Government
in the form of pay or allowance of any sort.

Solemnly declared before me.

Justice of the Peace.

Pupils will be required to sign a declaration engaging to serve the Government as Hospital Assistants for a period of not less than 7 years from the time of their promotion to that grade, unless prevented by physical inability, which must be proved before a Medical Committee, and certified accordingly. After a service of 7 years they may demand their discharge in time of peace.

16. In attaching pupils to Hospitals, Deputy Inspectors General will carefully consider where they will at once be most useful and receive the most efficient training.

17. It shall be the duty of medical officers and subordinates—

1st.—To supervise the conduct and discipline of pupils.

2nd.—To see that they continue the study of their vernacular, and of English, if possible, and

3rd.—To instruct them in the elements of the medical art as far as opportunities and appliances permit; they should be taught—

1st.—The weights and measures in use.

2nd.—The names and uses of the most common instruments and appliances.

3rd.—The names and properties of the more ordinary drugs and combinations, more especially of indigenous drugs.

4th.—The art of compounding and dispensing medicines.

5th.—Dressing and bandaging.

6th.—Hospital forms and returns, and the system of dieting of patients.

7th.—The elements of anatomy and physiology, if possible.

Regular attendance at hospital should be insisted on.

Attendance on any school, English or vernacular, that may be available, should also be required.

18. Deputy Inspectors General should, on their tours of inspection, pay particular attention to Native medical pupils, and report carefully how far they are being properly trained and instructed.

19. Under instructions from the Inspector General of Hospitals, Native medical pupils will, after not less than a year's service in a hospital or dispensary, be directed to proceed to the several medical schools of the Presidency, and each pupil will be furnished with a copy of his descriptive roll according to the form prescribed in paragraph 14. Deputy Inspectors General will also compile a general roll in the same form, including the names of all pupils proceeding from their circle, in duplicate, and forward one copy to the Inspector General of Hospitals, and another direct to the Principals of the schools.

20. Recommendations regarding the dismissal or resignation of medical pupils attached to hospitals or dispensaries will be submitted to Government by the Inspector General of Hospitals through the Adjutant General.

21. Recommendations regarding the dismissal and resignation of medical pupils undergoing instruction in a medical school, will be submitted by the Inspector General through the Local Government of the province in which the school is situated.

22. If it appears desirable to the Principal of the school that a pupil should be promptly removed from the school, pending the receipt of Government orders with regard to his dismissal, the Inspector General in the case of the Calcutta School, and the Deputy Inspectors General in the case of the Agra, Lahore, and Nagpore schools, will adopt measures to remove him forthwith, and attach him to some hospital or dispensary.

23. During the precollegiate year, Executive Officers will prepare, and Deputy Inspectors General of Hospitals compile and submit to the Inspector General a quarterly roll of Native medical pupils, in which the character, conduct, and progress of pupils, and their attention to hospital duties, will be carefully noted.

The 12th April 1872.

No. 4 of 1872.—The following Notices issued by the Naval Commander-in-Chief, Netherlands India, received from the Consul for the Netherlands, are published for general information :—

HYDROGRAPHY.

NOTICE TO MARINERS, 1871, No. 11.

Information has been received that the English ship *China* struck on a shoal in Carimata Straits.

This shoal extends in a N. W. and S. E. direction, and is 1 mile long; the least water, twelve feet, is in Lat. $1^{\circ} 1' 15''$ S., and Long. $108^{\circ} 30'$ East from Greenwich.

By this notice are affected—

*The Vice-Admiral, Commanding the
Naval Forces in N. I.*

C. A. UHLENBECK.

NOTICE TO MARINERS.

Notice is hereby given that the sub-marine telegraph cable across the Straits of Sunda is laid down from Anjer, along the west coast of Java to Java's 4th point, and thence in the direction North 54° West.

The direction of the cable from Anjer to the "4th point" is indicated by three white buoys, on which is painted in black the word "Kabel." They have on the top a small flag with the Dutch colours, and the word "Telegraaf" in the white.

A similar buoy is placed at Telok-Betong near the landing-place of the cable in 5 fathoms, and the direction of the shore-end is indicated by two white beacons.

It is therefore not allowed to anchor :

1° on the west coast of Java ;

- a. between the line of the three white buoys and the coast ;
- b. between the bearings ;

Light-house on "4th point" S. 40° E. and S. 70° E;

(During the night this part of the horizon will be illuminated by a fixed bright dioptrical light with a range of visibility from a vessel's deck of 8 nautical miles. It is placed in the stone tower, from which the second order light of "Java's 4th point" is shewn) ; and

- c. as long as two lights, one under the other, are seen on "Java's 4th point."

2° at Telok-Betong :

- a. eastward of the line, marked by the two white beacons,
- b. inside of the white buoy.

Any ship, having been compelled to drop the anchor where this is not allowed by this notice, must weigh it carefully and not set sail till it is certain that the cable has not been lifted up at the same time.

When this might be the case, the cable must be taken from the anchor and slipped with the greatest care, so that it can in no way be damaged.

HYDROGRAPHY.

NOTICE TO MARINERS, 1871, No. 12.

Notice is hereby given that the American Whaler *Xantho* wrecked in Lat. 6° 30' South and 121° 17' East from Greenwich on the reefs extending in S. S. E. direction from North Tiger Island towards Kalao Toea.

North Tiger Island is the most N. E.^{ly} of a group of Coral Islands, lying East from the South end of Pulo Saleyer (Celebes) and called "Tiger Islands."

Many of them are covered with trees and brushwood, while some are merely patches, dry at low water.

They are all surrounded by large reefs forming a large chain of patches and shoals to the South and S. S. E.

The commander of the Government Steamer *Hertog Bernard* found by many observations the position of North Tiger Island to be in Lat. 6° 21' South and Long. 121° 3' East from Greenwich.

The master of the *Xantho* reports a safe passage to the N. N. W., between "Kalao Toea" and "Postpaard Island," for ships coming from the South.

North Tiger Island is visible from a vessel's deck at a distance of 8 miles.

No anchorage was found.

**DEPARTMENT OF AGRICULTURE, REVENUE, AND
COMMERCE.****NOTIFICATIONS.****FIBRES AND SILK.**

Fort William, the 26th January 1871.

No. 478.—The Governor General in Council is pleased to direct the publication of the following advertisement in substitution of the one published under Notification No. 145, dated the 11th January 1870:—

ADVERTISEMENT.

- 1.—The Government of India, after communication with various Agricultural and Horticultural Societies in India, and with persons interested in the subject, has arrived at the conclusion that the only real obstacle to the development of an extensive trade in the fibre of Rhea or China-grass is the want of suitable machinery for separating the fibre and bark from the stem, and the fibre from the bark, the cost of effecting such separation by manual labor being great.
- The demand for the fibre is now large, and, no doubt, might be extended with reduced prices, and there is a practically unlimited extent of country in India where the plant could be grown.
- 3.—The requirements of the case appear to be some machinery or process capable of producing, with the aid of animal, water, or steam-power, a ton of fibre of a quality which shall average in value not less than £50 per ton in the English market, at a total cost—all processes of manufacture and allowance for wear and tear included—of not more than £15 per ton. The said processes are to be understood to include all the operations performed, after the cutting and transport of the plant to the place of manufacture to the completion of the manufacture of fibre of the quality above described. The machinery must be simple, strong, durable, and cheap, and should be suited for erection at or near the plantations, as the refuse is very useful as manure for continued cultivation.
- 4.—To stimulate the invention or adaptation of such machinery or process, the Government of India hereby offers a prize of £5,000 for the machine and process that best fulfils all the requirements named above.
- 5.—Rewards of moderate amount will be given for really meritorious inventions even though failing to meet entirely all the conditions named.
- 6.—Owing to the delay that has taken place in maturing the preliminary arrangements, the Government of India has decided that the competition will not be held until the 1st April 1872, thus affording a much longer time than was originally intended for the preparation of machines and their transport to the locality appointed for the competition. The Government Rhea Plantation at Saharunpore, in the North-Western Provinces, has been fixed as the place where the public competition will be held, and the Government of India will provide one or more small steam-engines to work the machines during the public competition.
- 7.—All machinery, &c., intended for trial must be brought by the competitors at their own charge to the Saharunpore Rhea Plantation, and kept ready before the 1st April 1872, to be there worked under their own supervision, or under that of their representatives, for a sufficient length of time to enable the judges appointed by Government to determine whether all the conditions named have been complied with. The prize machine is to be transferred, if required, to Government at 5 per cent. above cost price; the patent right in any such machine to be also transferred, if required, to Government, on the latter securing to the patentee a royalty of 5 per cent. on the cost price of all machines manufactured under the patent during its currency.
- 8.—Arrangements have now been completed for the supply of dried Rhea stems to intending competitors, both in this country and in Europe, to enable them to form a correct idea of the nature of the plant which their machinery will be required to deal with. Persons in Europe desirous to obtain small supplies of dried Rhea stems for the above purpose, should apply to the Secretary of State for India. Intending competitors in this country, desirous of obtaining supplies of the article, must submit applications to the Secretary to the Government of India, in the Department of Agriculture, Revenue, and Commerce, in the Form A hereto annexed, prior to the 1st of March 1871; and

those who are desirous of testing their machinery on the fresh Rhea at the Government Rhea Plantation at Saharunpore during the year 1871, must submit their applications to the same authority, in the Form B hereto annexed, prior to the 1st April 1871. The former will have to pay the expenses that may be incurred in packing and despatching the stems. The latter will have to provide all labor and motive power necessary for, and to pay all expenses connected with, their experiments: the fibre turned out by their machines during such experiments to become the property of Government.

- 9.—In order to enable the Government to arrange for the provision of a sufficient stock of fresh Rhea stems for the purposes of the formal competition in April 1872, it is necessary to ascertain beforehand the number of machines that are likely to take part in it; and intending competitors are therefore requested to submit, prior to the 1st May 1871, and in the Form C also hereto annexed, notices of intention to compete.

Form A.

APPLICATION FOR DRIED STEMS OF THE RHEA.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Quantity of dried stems applied for.	Locality to which it is desired that the stems be transmitted.	Name of nearest Railway Station to locality entered in preceding column.

On hearing from the Superintendent of the Government Rhea Plantation, Saharunpore, the amount of the expenses to be incurred in packing and despatching the quantity of stems above applied for, or such lesser quantity as may be allotted to me, as also the cost of carriage of such quantity to (*here insert the locality to which it is desired that the stems be forwarded*), or to the nearest Railway Station, I promise to remit the total amount so required to the said officer, and I acknowledge that the packing and transmission of such stems will be entirely at my risk.

APPLICATION FOR PERMISSION TO MAKE PRELIMINARY EXPERIMENTS FOR TESTING MACHINERY AT THE GOVERNMENT RHEA PLANTATION, SAHARUNPORE.

To the Secretary to the Government of India, Department of Agriculture, Revenue and Commerce.

Name of Applicant.	Profession or Occupation.	Address in full.	Brief description of machinery proposed to be tested.	Date on which applicant, if permitted, proposes to commence testing his machinery.	Approximate amount of green stem which applicant expects will be necessary for testing the machinery.

I acknowledge that, if permission be granted to me to test the above-described machinery at the Government Plantation, such permission will be subject to the following conditions:—

- 1st.—I am to provide all labor and motive power necessary for, and to pay all expenses connected with, testing my machinery.

2nd.—I am bound to conform to such rules in regard to time and place of conducting my experiments, hours of working, and the like, as the Superintendent of the Plantation may lay down for my guidance.

3rd.—I shall receive only such quantities of green stem, and at such time or times as, with reference to the other claims upon him, the Superintendent may find convenient to allot me.

4th.—All fibre, &c., turned out by my machines during these experiments, with stems furnished by Government, will be the property of Government.

Form C.

NOTICE OF MACHINERY INTENDED TO COMPETE FOR THE GOVERNMENT RHEA MACHINERY PRIZES AT THE TRIALS TO BE HELD AT SAHARUNPORE IN APRIL 1872 AND SUBSEQUENT MONTHS.

PARTIES INTENDING TO COMPETE.			Number of different kinds of machines which competitor desires to take part in the trials.	Brief description of each kind of machine.	Motive power required to work the machine.	Date by which the machines will be ready at Saharunpore for trial.
Name in full.	Profession or Occupation.	Residence in full.				

In proposing to enter the above-noted machinery for the Saharunpore competitive trials I do so under the full understanding that—

1st.—I shall be bound to conform to all rules and regulations in regard to all matters in any way connected with these trials that may be laid down by Government, or by the judges appointed by Government to preside over these, and that failing to do so, I shall forfeit all claim to any prize, reward, or recompense from Government, and entirely disqualify my machinery for the competition.

2nd.—All fibre, &c., turned out by my machinery during the trials, with stems furnished by Government, will be the property of Government.

The 19th April 1872.

No. 2845.—The Governor General in Council hereby declares that the provisions of Financial Notification No. 1756, dated 8th March 1872, shall extend to the territories under the Chief Commissioner of Mysore, the Governor of Madras, the Lieutenant Governor of the North-Western Provinces and the Lieutenant Governor of the Punjab, respectively.

This notification is re-published at foot for facility of reference.

No. 1756, dated 8th March, 1872.

NOTIFICATION—By the Government of India, FINANCIAL DEPT.

In the exercise of the power conferred by Section 26 of the Court Fees Act of 1870 (Act No. VII) and of all other powers enabling him on this behalf, the Governor General in Council is pleased to cancel notification by the Government of India, Financial Department, No. 1865, dated 15th March 1870, and to issue the following directions:—

1. The stamps used to denote any fee chargeable under the said Act, may be either impressed or adhesive, or partly impressed and partly adhesive.

2. When the exact amount of the fee chargeable under the Act can be denoted by a single impressed or a single adhesive stamp, such fee shall be denoted by a single stamp of either sort.

When the amount of the fee cannot be denoted by a single impressed or a single adhesive stamp, the next lower impressed or adhesive stamp shall be used, and the deficiency made up by one or more additional stamps, which may be either impressed or adhesive.

3. The impressed stamps referred to in this notification are the red and black printed stamps, and the adhesive stamps are those across which the words Court Fees have been printed.

4. Should the amount of the fee in any case involve a fraction of an anna, such fraction shall be remitted.

5. The provisions of this notification shall for the present extend only to the Hyderabad Assigned Districts and to the territories under the Lieutenant Governor of Bengal, the Chief Commissioner of Oudh, and the Chief Commissioner of the Central Provinces, respectively.

RULES FOR THE ENFORCEMENT OF THE INDIAN INCOME TAX ACT, 1872.

SEPARATE REVENUE.

(ASSESSED TAXES).

No. 2887, dated 19th April, 1872.

RESOLUTION—By the Government of India, FINANCIAL DEPT.

In the exercise of the power conferred by the Indian Income Tax Act, Section 46, the Governor General in Council is pleased to make the following rules for the guidance of officers in matters connected with the enforcement of the Act.

1. *Section 2.*—A 'person' is defined to include a Hindu undivided family. It does not follow that the members of such a family may not possess separate income which is not the property of the family. Whether the income of an individual member of such a family is or is not the property of the family is a question of fact upon the decision of which must depend the answer to the question whether such income should be taxed as income of the family or not.

2. *Section 4.*—All orders of exemption passed or continued under Section 5 of the Indian Income Tax Act, 1871, which have not meantime been revoked, are hereby declared to be in force under Section 4 of the Indian Income Tax Act, 1872.

PART II.

3. *Section 5.*—'Salary' includes all pay and allowances of appointments, whether substantive, officiating, or temporary; it also includes all fixed allowances ordinarily paid with salary proper, if they are given without reference to the question whether the service for which they are given is actually performed or not, or whether the expense in re-imbursement of which they are given is actually incurred or not. An allowance, however, which is granted to cover specific expenses, and which is not paid unless those expenses are incurred, is not salary.

For example, house-rent allowance is salary if it is given independently of the question whether the officer to whom it is given actually rents a house or not; but if it is given only in charge on account of house-rent is incurred, then it is not salary.

4. The assessment made under this Part is not made with reference to annual income; so that a salary paid even for a single day at the rate of Rs. 83-5-4 a month is liable to duty.

5. All sums stopped under the authority of Government on account of payments to pension or annuity funds, to regimental mess or band funds, or the like, shall be deducted from the salary previous to assessment. But the salary should not be exempted from duty on the ground that, after such deduction, it falls below the minimum.

6. If any servant, annuitant, or pensioner of Government has insured his life or that of his wife, or has contracted with an Insurance Company for a deferred annuity on his own life or that of his wife, he may make application to the Examiner of Claims or other officer whose duty it is to deduct the tax from his salary; and on proving to the satisfaction of that officer the amount of any payment made on account of such insurance during the year of assessment, he will be entitled to a refund of the tax on such payment: Provided that no refund shall be allowed in respect of any sum by which such payment added to the subscription of the assessee to the Service Annuity and Insurance Funds may exceed one-tenth of his full salary.

Example.—A civilian who pays 4 per cent. of his income to the Annuity Fund, and 2½ per cent. to the Civil Fund, can claim exemption under this rule for not more than 3½ per cent. of his income.

7. *Section 8.*—The form of return to be made by the treasurer or other proper officer of a company, &c., is appended (Form A). The Collector will be able by this return to test the payments made by the treasurer or other proper officer of sums deducted from the salaries of servants, &c. But it is to be observed that subsequent changes of establishment, enhancement of salaries or addition of new salaries, may cause the amounts paid in to Government to exceed those calculated from the returns so made; and the Collector should take steps to satisfy himself that additional deductions due to increased or to new salaries are duly made. The same remarks apply to pensions and annuities.

8. The deductions made by the treasurers or other proper officers will be paid over to the Collector at least once a quarter, and the Collector will arrange with the companies, &c., the time and place of payment. The treasurer or other proper officer, in paying over the amount, will give a statement showing the amount deducted from each officer's salary for each month.

9. If any person assessable under Section 8 has insured his life or that of his wife, or has contracted with an Insurance Company for a deferred annuity on his own life or that of his wife, he may make application to the Collector, and on proving to his satisfaction the amount of any payment made on account of such insurance during the year of assessment, he will be entitled to a refund on the amount of the tax on such payment: Provided that such refund shall not exceed one-tenth of the tax paid by the said person during the year of assessment. No abatement under this rule shall entitle any person to exemption from assessment on the ground that his monthly salary is thereby reduced below Rs. 83-5-4.

10. All salaries, annuities, or pensions becoming due on or after the 1st April 1872 will be subject to assessment under the Act. For instance, salaries for the month of March, if payable by custom or rule on 1st April, will be so subject.

PART III.—COMPANIES.

11. The Collector should take immediate steps to obtain the statements required for assessments under this Part. It will be perceived that he is empowered to enquire into the accuracy of the statements rendered to him.

PART IV.—GOVERNMENT SECURITIES.

12. Instalments of interest which have fallen due before April 1st are not liable to taxation, notwithstanding that they may be actually disbursed after that date. On the other hand, interest which becomes due on or after April 1st is liable to taxation, even though it may have commenced to accrue before April 1st.

13. The deductions are to be made at the time of payment by the officers making the payments, and these officers are responsible for crediting to Government the amounts deducted. A form (Form B) is annexed for the certificate to be given by the Collector to persons entitled to exemption under this Part by reason of the insufficiency of their whole income. This certificate requires no stamp.

14. Interest on Government Securities, which are the property of the Service Funds, is exempted from duty.

15. Interest on Government Securities, when it is solely employed for religious or charitable public purposes, will also be exempted from duty on the production, before the officer empowered to pay the interest, of a certificate from the Collector that it is so employed.

PART V.—OTHER INCOME.

16. Special attention is directed to Section 22 of the Act. Any person assessed at Rs. 1,000 or upwards under Part V of Act No. XII of 1871 will be assessed at the same amount under the Act now in force. The assessee retains the power of applying to have such assessment reduced or cancelled, but it can in no case be increased.

This change in procedure will render reductions in establishment feasible, and local Governments and Administrations should immediately consider what reductions on last year's scale may be carried out in the various establishments under their control.

17. It will not be necessary to issue notices under the latter part of Section 22 on any person who was assessed for the year 1871-72. Only in the case of a person who has an income of Rs. 4,000 or upwards, and who was not assessed during the previous year, is the issue of such a notice compulsory.

18. In the case of an assessee having places of residence or of business within the jurisdiction of more than one Collector, the Collector within whose jurisdiction the principal place of residence or of business is situate should be careful, before making the assessment, to ascertain from the other Collectors the amount of income arising or accruing within their respective jurisdictions. This of course only applies to persons not assessed under Act XII of 1871.

19. *Section 18.*—The requisition under the first part of Section 18 should be made in Form C prescribed for the notice under Section 22.

20. *Section 21.*—The first clause of this section applies only to dwelling houses and the surrounding premises. It is not intended to apply to lands from which agricultural or commercial profits are derived.

21. *Section 24.*—The form prescribed under Section 24 is Form D appended. Intentional omission to make this return is provided for in the Penal Code.

22. *Sections 27 and 29.*—Forms E and F are also prescribed for the notice under Section 27, and the receipt under Section 29.

PART VI.

23. *Section 33.*—It will be observed that a Collector or Commissioner is not bound by law to summon every person named as a witness. Where it is necessary to summon witnesses, the expense should ordinarily be borne by the Government.

24. The expense attending the interpretation of accounts which are illegible or unintelligible, through their not being kept in the language and form in ordinary use in the district, must be borne by the person in whose behalf they are produced.

25. The Act makes no provision for the expenses of witnesses, and they therefore cannot claim re-imbursement.

PART VII.

26. The mode of recovering the tax in the case of default has not been changed. If an assessee makes default, the Collector has still to proceed to the recovery of a sum not exceeding twice the amount in respect of which default is committed, either by the process for the recovery of arrears of land-revenue or by the process provided by the Civil Procedure Code for the execution of a decree for money.

27. *Section 36.*—The form for notice under Section 36 is appended to this Resolution (Form G).

PART IX.

28. *Section 45.*—The local Governments and Administrations are hereby empowered to determine, after communication with each other, when any company, firm, or person has several places of business or of residence in the territories subject to different local Governments and Administrations, which of such places of business or of residence shall be deemed, for the purposes of this Act, the principal place of business or of residence. If in any case the local Governments concerned cannot agree, the question should be referred to the Governor General in Council for decision, with a statement of facts.

29. *Section 46.*—The local Governments are empowered under Section 46 (c) to make any further rules, consistent with the Act, that may appear necessary.

GENERAL.

30. In charging duty under the Act, fractions of annas should be omitted.

31. Registers will be kept in the forms appended to this Resolution, as follows:—

Register 1, 1A, 2, 3, 3A, 4, by every officer exercising the powers of a Collector.

Register 5, by every officer exercising the powers of a Commissioner of Revenue.

32. The local Governments will submit to the Government of India half-yearly and annual returns I, II, III, and IV in the forms appended to this Resolution.

Income derived from interest on Government Securities is chargeable under Part IV. All other income is chargeable under Part V.

Against the gross receipts no deductions should be made on account of disbursements or expenses not wholly and exclusively incurred in respect of the profits returned; nor should deductions be made on account of the maintenance of the person himself or his family, or domestic establishment, nor on account of any public or local rates, cesses or taxes.

Deductions from the gross receipts may be allowed on account of the following items:—

(a.) In the case of professions and trades—

Sums expended in the repairs of implements, utensils, or articles used solely for the purpose of the profession or trade.

Sums expended for insuring or keeping insured the buildings, machinery, implements and stock used for the purposes of the profession or trade, and rent paid for any premises used for such profession or trade, provided that if such premises shall not have been exclusively used for such profession or trade, a fair proportion only of such rent shall be deducted from the gross receipts.

Ten per cent. on the rack-rent of such premises on account of repairs, if such repairs are at the cost of the petitioner, whether it has or has not been actually expended during the year of assessment.

Sums expended in the payment of persons employed solely in such profession or trade.

The amount of any losses of the stock-in trade. The excess loss sustained in any profession or trade over and above the profits thereof may be set against the excess profits of any other profession or trade exercised by the same person.

The amount of any bad debts for the first time ascertained and written off as such during the year.

Interest paid on money borrowed for the purpose of the trade or profession.

Sums paid to an Insurance Company for insurance of the life or for a deferred annuity on the life of the person assessed or his wife, not exceeding one-tenth of the said profits.

(b.) In the case of income from houses—

Any rent paid on account of such houses, but not taxes, or local rates, or cesses.

Sums expended for insuring and keeping insured such houses.

Ten per cent. on the rack-rent of the houses on account of repairs, if such repairs are at the cost of the petitioner, whether it has or has not been actually expended during the year of assessment.

(c.) In the case of income from land—

Any rent or land-revenue payable for the year of assessment in respect of the land,

Sums expended during the year of assessment in the cultivation of the land, but not in its permanent improvement,

Interest on sums expended in the permanent improvement of the land.

(d.) In the case of income from lands or houses—

Sums expended in collecting the rent, not exceeding six per cent. of the gross rental. In the case of landholders this will cover cesses and village servants and other such expenses.

Annual interest payable to a mortgagee not in possession.

In the case of a firm or of a Hindu undivided family, no entry should be made in column 5; but in other cases where the shares are chargeable separately, and it is wished that they shall be so charged the column must be filled in.

If the person filling in the return is chargeable (1) as a trustee, guardian, curator, or committee of any infant; married woman subject to the law of England, lunatic or idiot; (2) as an agent of a non-resident; (3) as receiver or manager appointed by any Court in India, a Court of Wards, an Administrator General or an Official Trustee in respect of income officially in his possession or under his control, the fact should be stated in the column of remarks.

JUDICIAL.

Fort William, the 25th April 1872.

No. 75J.—His Excellency the Governor General in Council has been pleased to approve of the under-mentioned rules relative to the custody and guardianship of minors, idiots, and other disqualified persons in the province of Mysore, and to publish them for general information :—

Rules relative to the custody and guardianship of minors, idiots, and other disqualified persons in the province of Mysore in supersession of the rules on the subject at page 73 of the Volume of Circular Orders to the Mysore Civil Courts.

Whereas it is expedient to make provisions for the care of the persons and property of minors, not being European British subjects, in the province of Mysore, the following rules, having the force of law, and which have received the sanction of the Government of India, will come into and be in force in the said province on and after the first day of June 1872.

2. Every person shall be held to be a minor who has not completed the age of 18 years.
3. Every person who shall claim a right to have charge of property in trust for a minor, under a will or deed or other instrument in writing, or by reason of nearness of kin or otherwise, may apply to the Civil Courts having jurisdiction for a certificate of administration.
4. Any relative or friend of a minor, in respect of whose property such certificate has not been granted, or if the property of the minor consists, in whole or in part, of land, or any interest in land, the Amildar of the talook in which the land or any part of it is situated may apply to the Civil Court to appoint a fit person to take charge of the property and person of such minor.
5. When the value of the property does not exceed Rs. 10,000, such application shall be made to the Deputy Superintendent of the District in which the greater part of the property, whether moveable or immoveable, is situated. When the value of the property exceeds Rs. 10,000, such application shall be made to the Superintendent of the Division in which the greater part of the property may be situated.
6. When application shall have been made to the Civil Court, either by a person claiming a right to have charge of the property of a minor, or by any relative or friend of a minor or by the Amildar, the Court shall issue notice of the application, and fix a day for hearing the same.
7. On a day fixed, or as soon afterwards as possible, the Court shall hear the parties and examine such evidence as they may adduce, and pass such order regarding the custody and guardianship of the minor, or the administration and management of his or her estate, as may be considered best in the interests of the minor, on a consideration of the law and usage of the country and of the parties, or of any will or other writing appointing any manager or guardian, and of all the circumstances of the case.
8. No appointment shall be made of a guardian of the person of a female minor whose husband is not a minor, and if a guardian be appointed to take care of the person of a female minor, whose husband is a minor, such guardianship shall cease as soon as the husband shall

attain the age of majority. As a general rule, no person, other than a female, shall be appointed guardian of the person of any female minor.

9. Persons appointed to manage the property of minors shall give security for their personal appearance during the continuance of the said trust, and shall execute an obligation according to the following form, that is to say—

“I, A. B., having voluntarily taken upon myself the management of the property of C., incapacitated proprietor of D., hereby solemnly promise and engage to manage the said property diligently and faithfully for the said proprietor, and to use all the means in my power to improve the property for the benefit of the owner. I also promise and engage to render, whenever required, a true and just account of my administration, and to be responsible for all embezzlement and misapplication of the property to the extent of treble the amount which may be proved to have been embezzled or misapplied during my management. I do hereby bind myself, my heirs and successors to make good the said penalty upon due proof of my default, and I further engage to adhere to such rules as have been or may hereafter be framed for the guidance of the managers by the Mysore Government, and to abstain from all other advantages directly or indirectly than the allowance granted to me, if any, for the care of the property committed to my charge under the authority of the Court of the———.”

10. Managers having executed the aforesaid obligation shall be furnished by the Court appointing them with public commissions of management under the seal and signature of the said Court.

11. Persons appointed to be guardians, and accepting the trust, shall give security for their personal appearance during the continuance of the said trust, and shall execute an obligation according to the following form, that is to say—

“I, A. B., having voluntarily accepted the office of guardian of C., being the disqualified proprietor of D., do hereby solemnly promise and engage to execute the duties committed to me zealously and faithfully to the best of my judgment and according to the rules in force. I will conscientiously appropriate the allowance granted for the maintenance or for the education, &c., of my ward to the benefit of the said ward, and will abstain from all other advantage than what may be allowed to me by due authority directly or indirectly arising from my office of guardian. I also engage to render true and faithful accounts of all monies received by me on account of my ward, under a penalty of treble the amount of any sums which may be proved to have been embezzled or misapplied, and I do hereby bind my heirs and successors to make good the said penalty upon due proof of my default.”

12. After executing this obligation persons appointed to be guardians shall be invested with their trust, by a public commission, under the seal and signature of the Court by which they are appointed.

13. Any guardian or manager who shall have been appointed under these rules shall be admitted by the Courts to prosecute or defend the minor's rights in all suits or other Judicial or Revenue proceedings; but where no manager or guardian has been appointed, the Court in which the proceedings against or in behalf of the minor may be pending, shall decide by an interlocutory order all questions regarding the minor's representative for the purposes of such proceedings.

14. If any person appointed to be manager or guardian be unwilling to discharge the trust gratuitously, the Court may assign him such allowance to be paid out of the estate of the minor as, under the circumstances of the case, it may think suitable. The Court may also fix such allowance, as it may think proper, for the maintenance and education of the minor, and of such members of the minor's family as may be entitled to maintenance at the minor's expense. The Court may also sanction all the necessary expenses of the marriage of an unmarried minor, provided that these expenses shall in no case involve the minor's estate in debt. All allowances, &c., shall be paid by the manager of the property.

15. Managers duly appointed shall have the entire charge of the estate, real and personal, of the incapacitated proprietors, and shall, within six months from the date of their appointment, deliver into the Court by which they are appointed an exact inventory under their seal and signature, to be lodged in the Court, of all the immoveable property and of all such sums of money, goods, effects and things as they shall have received on account of the estate, together with a statement of all debts due by or to the same; and shall be required to furnish thereafter half-yearly accounts of the property in their charge, exhibiting the amounts received, disbursed, and deposited on account of the estate and the balance in hand.

16. All sums received by the manager or guardian on account of any estate in excess of what may be required for the current expenses of the minor or of the estate shall be deposited in the District Treasury, and shall be invested by the Court on account of the estate from time to time in public securities.

17. Under the provisions of these rules, managers may exercise the same powers in the management of the estate as might have been exercised by the proprietor, if not a minor, and may collect and pay all just claims, debts, and liabilities due to or by the estate of the minor. But no such person shall have power to sell, alienate, mortgage, or otherwise encumber any immoveable property, or to grant a lease thereof for any period exceeding one year, without the sanction of the Court previously obtained.

18. The Court for any sufficient cause may recall any certificate granted to any manager or guardian under these rules, and may grant a fresh certificate to any other person, and may compel the person whose certificate has been recalled to make over the property in his hands to his successor, and to account to such successor for all monies received and disbursed by him. The Courts may also permit any manager or guardian to resign his trust, and may give him a discharge therefrom on his accounting to his successor duly appointed for all monies received and disbursed by him, and making over the property in his hands.

19. It shall be lawful for any relatives or friend of a minor, at any time during the continuance of the minority, to sue for an account from any manager appointed, either during his incumbency of office, or after his removal, or from his personal representative in case of his death, in respect of any estate then or formerly under his care, or management, or of any sums of money or other property received by him on account of such estate.

20. The Civil Court may impose a fine not exceeding five hundred rupees on any person who may wilfully neglect or refuse to deliver his accounts or any property in his hands within the prescribed time or a time fixed by the Court, and may realize such fine by attachment and sale of his property under the rules in force for the execution of decrees of Court, and may also commit the recusant to confinement in the Civil Jail until he shall consent to deliver such accounts or property.

21. In all proceedings under these rules the Courts shall follow the procedure laid down in Act VIII of 1859 as far as the same may be applicable.

22. The provisions of these rules shall also apply to the persons and property of lunatics, idiots, and other individuals incapacitated by natural infirmity. For the purpose of enquiring into and ascertaining the state of mind of persons alleged to be lunatic, &c., the Courts will follow the provisions of Act XXXV of 1858.

23. All orders passed by the Civil Courts under these rules shall be open to appeal to the Court of the Judicial Commissioner, and shall be subject to all the provisions contained in Section 366 of the Code of Civil Procedure.

ACCOUNTS.

Fort William, the 24th April 1872.

No. 2929.—Mr. T. W. Biss received charge of the office of Deputy Accountant General, Bengal, from Mr. W. Clark on the afternoon of the 15th instant.

The 25th April 1872.

No. 2987.—In exercise of the power conferred upon him by Section 4 of the Local Public Works Loan Act XXIV of 1871, the Governor General in Council is pleased to make the following rules in respect of loans to Bodies corporate, Municipal Committees, or other persons legally entitled to the control or management of any Local or Municipal Fund or legally entitled to impose any cess, rate, duty, or tax upon any persons in any local limits:—

I.—Such loans shall only be made to such Body, Committee or persons on the security of the total aggregate amount of the proceeds of all cesses, rates, duties, or taxes, received by such Body, Committee or persons, and of all receipts from property vested in such Body, Committee or persons for the purposes of the Local or Municipal Fund under their control.

II.—No such loan shall be made except for the construction or repair of works of public utility situated within the local limits of the authority of the Body, Committee or persons making application for a loan, or intended for the benefit of the general community dwelling within such limits.

Loans may be made to enable such Body, Committee or persons to discharge a debt incurred before the passing of the Act for the construction or repair of such works.

III.—Application for such loans shall be made to the Local Government, and shall be signed by at least three-fourths of the members of the Managing Body or Committee duly constituted and acting for the persons on behalf of whom the loan is applied for. Every such application shall state,—

1st. The work for the construction or repair of which the loan is required and an estimate of the cost thereof.

2nd. The amount of loan applied for.

3rd. The cesses, rates, duties, or taxes and the receipts from property on the security of which it is proposed that the loan shall be made.

4th. The law or laws under which the said cesses, rates, duties, taxes, or receipts from property are levied or received.

5th. The period for which the loan is required, the number and amount of the instalments, if any, in which it is proposed that the loan shall be made, the dates proposed for receiving such instalments, and the instalments in which it is proposed to repay the loan.

6th. The proceeds of each of the cesses, rates, duties, or taxes or of the receipts from property and of all other income received by such Body, Committee or persons for the purposes of the Local or Municipal Fund and of all expenditure incurred for such purposes in each of the three last preceding years.

7th. All existing prior charges upon any source of income received for the purposes of the Local or Municipal Fund, or of any property vested in such Body, Committee or persons, such charges being of the kind referred to in the proviso to Section V of the Act.

IV. The Local Government shall cause such enquiry to be made as may seem to it necessary into the statements contained in the application and into the use and value of the proposed work.

V.—If it appears to the Local Government that the loan ought not to be granted, it shall reject the application. If it appears to the Local Government probable that the loan ought to be made, it shall cause to be published in the local official Gazette, and otherwise as it deems fit, within the local limits of the authority of the Body, Committee or persons concerned, a copy of the application and such particulars in regard to any inquiry made under Rule IV as it may think necessary. After the expiry of one month from such publication, and after calling for any further information that it may require, and considering any objections that may be preferred, the Local Government may either reject the application, or, if the Governor General in Council does not otherwise direct, may authorize the loan subject to the provisions of the following rules.

VI.—Loans under these rules may be made to Municipal Committees or other persons legally entitled to the control or management of any Municipal Fund, from such sums as the Governor General in Council may from time to time think fit to allot to the Local Government for the purpose. If the proposed loan exceeds double the amount of the gross annual income, on the security of which it is proposed that the loan shall be made, or if such loan is for a sum of Rs. 50,000 or upwards, the previous sanction of the Governor General in Council to the loan shall be necessary. In other cases, the Local Government may, if sufficient funds be at its disposal, make the loan to such Committee or persons, without such sanction. In every case in which it is proposed to make a loan to any Body or persons authorized to make applications under the Act, other than a Municipal Committee or persons legally entitled to the control or management of a Municipal Fund, the previous sanction of the Governor General in Council will be necessary.

VII.—In the orders sanctioning the grant of any loan the Governor General in Council, or the Local Government, as the case may be, shall record precisely the conditions upon which the loan will be made. Payments to such Body, Committee or persons, on account of loans, or of any instalments thereof, shall be made on receipts signed on behalf of such Body, Committee or persons in the manner in which orders for the disbursement of money from the Local or Municipal Fund are required by the law in force to be signed. If there be no such law, such receipts shall be signed by the President or Chairman, and by the Vice-President or Vice-Chairman, and by at least two members of such Body or Committee. When any receipt has been duly signed, it shall be deemed to be an acceptance by such Body, Committee or persons of the loan and of all the conditions upon which it is granted.

VIII.—The Local Government shall, in every case in which a loan is sanctioned under these rules, make provision for the proper inspection of the works in course of construction or repair for which the loan is made, and for ascertaining and securing that the loan is duly applied to the purposes for which it is made. Every such work and the accounts connected therewith shall also be open at all times to the inspection of the Superintending or Executive Engineer in whose division it is situate, and of any person who may be authorized by the rules in force to inspect the accounts of the Local or Municipal Fund, and to the inspection of any other person who may be specially authorized by the Governor General in Council or by the Local Government.

IX.—If the Local Government is of opinion that the conditions on which the loan was granted have been departed from, or that such Body, Committee or persons have failed to

comply with any of the requirements imposed upon them by these rules, it may at any time order that no further advances of money shall be made on account of the loan, and may proceed to recover the amount advanced with interest thereon in the manner prescribed by Section V of the Act.

X.—The interest charged on such loans shall for the present be $4\frac{1}{2}$ per cent. a year. Interest upon the outstanding principal debt shall be paid half-yearly, and the principal shall be repaid in such instalments that not less than one-quarter of the whole shall be repaid within five years, not less than one-half within ten years, not less than three-quarters within fifteen years, and the whole within twenty years at most. Payments of interest and repayments of principal shall be made to the treasury from which the loan is taken, or with the consent of the Local Government, to any other Government treasury.

XI.—The cost of any enquiry made under Rule IV, of advertisements published under Rule V, and of inspections made under Rule VIII, shall be determined by the Local Government and shall be chargeable against such Body, Committee or persons as costs in effecting the loan.

XII.—The accounts of the loan shall be kept by the Accountant General of the Province in such form as the Governor General in Council may from time to time direct.

The Body, Committee or persons to whom the loan may have been granted shall be bound to give to the Accountant General and to the Local Government any information they may require regarding the expenditure of the loan, and regarding the cesses, rates, duties, taxes, and other income or property which may have been made or may become liable as security for the loan.

An annual statement of all loans and of advances made, and repayments due and made during the year, and balances outstanding at the beginning and end of the year in each province, or under each Local Government, shall be prepared by the Accountant General, and submitted through the Local Government to the Government of India. The statement shall also show, generally, how far the works for which the loan was made have progressed. A copy of the statement shall also be published in the local official Gazette.

XIII.—The attachment of any fund, rate, cess, tax, duty or any property held as security for the loan shall be made by a notice addressed to the Body, Committee or persons aforesaid, prohibiting the collection of such fund, rate, cess, tax, or duty, or suspending the management of such property by such Body, Committee or persons, and vesting the administration thereof in such officer as the Local Government may appoint. This notice shall be published in the local official Gazette, and otherwise as may be directed by the Local Government within the local limits of the authority of the Body, Committee or persons concerned. The monies collected or received under such attachment shall be paid into the Government treasury, and the accounts of such monies shall be prepared in such form as the Local Government may, on the report of the Accountant General, from time to time direct. A copy of such accounts shall be delivered to the Committee or persons aforesaid, and a copy shall be published in the local official Gazette, and, if the Government of India so direct, submitted to it.

XIV. No irregularity in breach of these rules shall be held to vitiate the claim of the Government to recover any loan under the terms of Section V of the Act.

The 26th April 1872.

No. 3037.—Mr. R. A. Sterndale availed himself, on the 19th ultimo, of the furlough granted to him on that date.

Mr. C. J. O. Mayne availed himself, on the 23rd December last, of the leave on medical certificate granted to him on the 28th idem.
